# TAX RATE PASSED OVER PROTEST

## YACHTSMEN FOR HOURS NEAR TO DEATH

Sloop 'Mist' of Alameda Drifts at the Mercy of Wind and Tide

Derelict, Manned by Two Youths, Is Rescued by the Launch 'Bud'

ALAMEDA, Sept. 5.—Frantically battling water from the yacht Mist, which floundered in the choppy sea off Angel Island during the entire night, Edward Woodside and Arthur Copeland, boys 17 years of age, worked desperately in an effort to save their lives and were picked up exhausted this morning by the launch Bud, which had been sent out after them by the Aeolian Yacht Club members, who feared that the Mist had capsized.

With the fate of the two boys unknown to their parents or to their friends, who had sailed to Redwood City with them Saturday for a dance which was given by the Aeolian Yacht Club there, the fear was held that the Mist, which is one of the smallest yachts that sails the bay, had sunk with its crew.

Heavy Wind Rages.

A terrific blow was encountered by the yachts as they left Redwood City and many were sailing under a double reef. Unable to stand the strong wind the Mist was carried away and she was passed by the other boats on the way home.

As no distress signal was given it was not known that the yacht and her crew were in danger. When the small yacht did not reach the Aeolian Yacht Club on San Leandro bay last evening after the fleet had dropped anchor, the crews of the different boats sent out searching for the missing boat.

Mr. Kenna, who was in the launch Bud, which was sent out after the Aeolian Yacht Club's moorings. The yacht, owned by the Sausalito Yacht Club, went aground off the Enchinal Yacht Club at the foot of Grand street last night in the heavy wind. The crew was in no danger.

Mt. Faviot Has Intestinal Pain

Aleutian Volcano Again Spewing Forth Fire, Smoke and Ashes.

SEATTLE, Wash., Sept. 5.—Mt. Faviot in the Aleutian Islands, has been active this summer, according to advices brought by the cannery bark Guy C. Goss. Owing to the vigor of Bogoslof, Shishaldin and Faviot, the famous Aleutian volcanoes, during the summer of 1910 and the fine weather for observing them, a number of expeditions were sent out last summer to photograph them, but the weather during the present year has been so foggy that it has been dangerous to approach the volcanic islands. On the way north the Goss observed Faviot sending thousands of feet into the air a column of smoke, which branched and spread out like the limbs of a huge tree. What appeared to be lava, but was probably ashes, poured down the side of the peak. On the southern voyage no observation could be made.

Transport Logan Sails With Troops for Manila

SAN FRANCISCO, Sept. 5.—Having on board nearly one thousand troops and marines, ordered to service in the Philippines, the United States army transport Logan sailed today for Manila via Honolulu and Guam.

American Missionary Is Slain in British Guiana

GEORGETOWN, British Guiana, Sept. 5.—The Rev. E. O. Davis, superintendent of Guiana mission of the Seventh Day

## FOR HOURS FIGHT OFF DEATH

Mr. and Mrs. Joseph Kenna Have Narrow Escape From Drowning

Heavy Gale Prevents Landing and Prolongs Struggle Until After Night

ALAMEDA, Sept. 5.—In the heavy gale that blew yesterday Mr. and Mrs. Joseph Kenna were on the water at the Enchinal Yacht Club in a sailing canoe in a hopeless condition until long after midnight, and only made a landing after a hard-fought battle with the waves that threatened to swamp their small racing canoe.

DAY'S OUTING.

Leaving the Enchinal Yacht Club at the foot of Grand street at 11 o'clock yesterday morning, Commodore and Mrs. Kenna started out in a racing canoe to enjoy a picnic at Bay Farm Island. The wind was not blowing and they made a speedy trip across to the island.

A heavy wind was encountered on the return trip and for seven long hours the occupants of the small craft feared that they would lose their lives.

"My husband said that he had never seen the bay so rough before," said Mrs. Kenna. "We took down the jib sail and reefed the main sail, coming in on that. We tried in every way to keep the masts from being carried away, and although the boat was easy to handle we felt helpless before the blowing gale. All our efforts were, for a long time, powerless to make a landing, and we were at the mercy of the waves. I thought would capsize our canoe. The boat only draws three inches of water."

"Mr. Kenna encouraged me with words of cheer and said that he knew it would be possible to make a safe landing, but I was greatly frightened. I have been out in the boat many times before, and I gave him all the assistance I could."

Mr. Mansfield of the Enchinal Yacht Club, who had seen Kenna and his wife leave the yacht club early in the morning, became anxious for their safety when they did not arrive at dark and manned a boat to look for them.

Nebraska Farmer Drowns In a Sea of Buttermilk

GILMORE, Neb., Sept. 5.—Thomas Iler, a milkman, was drowned near here today in 1000 gallons of buttermilk. Iler was driving a tank containing the buttermilk to this city when the wagon dropped into a depression in the road and overturned.

The tank burst and the milk filled the depression. Iler was caught beneath the tank. When the occupant of a passing automobile pulled him from the sea of milk a half hour later he was dead.

Murder Suggestion Gained From Moving Picture Film

NEW YORK, Sept. 5.—At a moving picture show last night, Rafaelo Ricchetti and his 18-year-old daughter, Rosa, saw the story of a tragedy in which a father killed his daughter, and then himself.

Erratic Biplane Runs Off With Sen. Lorimer's Hat

CHICAGO, Sept. 5.—United States Senator William Lorimer of Illinois narrowly escaped being killed yesterday when an airplane driven by August Kuzick knocked off his hat at High Lake, near West Chicago. The Senator was ready to make a speech to a crowd when Kuzick started to fly in his biplane. The aviator lost control of his machine, which took a dangerous tilt to one side and swooped down over the crowd. Everything got out of the way, except Senator Lorimer's hat. The senatorial headgear was struck by the tip of a plane and sent whirling off over the crowd. Then the machine hit a tree and fell to the ground. No one was injured except Kuzick, who was only slightly hurt.

## KNOWLAND WIRES TO TAFT

President Asks Exposition Directors to Consider Claims of Oakland

90 Minutes Too Short for Chief Executive's Stay Here, Say Local Men

Declaring that the ninety minutes granted to Oakland for the laying of the new City Hall cornerstone by President Taft on his coming visit to the coast is entirely too short a space of time, and that the officials of the Panama-Pacific Exposition Company should have consulted with representatives on this side of the bay before arranging the program of the President's visit, Congressman Joseph R. Knowland, aided by Mayor Mott, President H. C. Capwell and Secretary A. A. Denison of the Chamber of Commerce, is working to secure a longer stay here and proper representation on the program of the east bay district.

Knowland met in consultation with the mayor and Chamber of Commerce officials at noon today and then stated that every effort to prolong the President's stay here would be made. Knowland said: "We have learned that it was proposed Oakland was to have only ninety minutes of the two days and a half visit I telegraphed Hillis, the President's secretary, asking that no action be taken on the acceptance of the program as submitted to the President for his approval by President Charles F. Moore and the committee of the Panama-Pacific Exposition until he heard further from Oakland. I pointed out that no consultation in the formation of the program had been held with any representatives from this side of the bay by the exposition officials, and that if only ninety minutes were granted to us to permit of the cornerstone laying, it would require all that time to make the trip to and from the City Hall from the station and for the actual ceremony. If that were the case, it seemed to me that the haste necessary to carry out the program would be unseemly, and that in view of the fact that the ceremonies were attendant on the construction of a \$1,500,000 municipal building such a rush would hardly seem befitting to the occasion."

"In return I received a telegram from Hillis, saying that the program as submitted had been approved, but that the President had considered the matter, and accordingly Moore of the exposition committee had been asked to ask that he consider the wishes of Oakland in the matter."

"With this request Mayor Mott and I mean to make an effort to see President Moore, probably tomorrow afternoon, and to ask that we be granted a longer time for our ceremonies here, say, the greater part of Friday afternoon. If that time is vouchsafed us, as I am hoping it will be, then we will at once proceed to lay out the actual program of the President's stay here."

Romance Begun in Berkeley High School Leads to the Ceremony

BERKELEY, Sept. 5.—A romance which began when the principals were actors in love scenes in a high school play, resulted in the wedding in Klamath Falls, Ore., Sunday of Miss Leigh Stafford, one of the most prominent graduates of the University of California, and Evan Foulds, son of J. B. Foulds of 2321 Bancroft way, a member of the Southern Pacific law department.

The ceremony took place at the home of the bride's mother. Foulds was accompanied north by E. G. Scudder, a college friend who acted as best man. The couple first met as pupils in the Berkeley high school, where they appeared in the comedy, "Much Ado About Nothing," Miss Stafford playing Beatrice and Foulds taking the part of Benedick.

America Again Wins International Race

Dixie IV Secures Victory and This Country Will Hold Trophy.

HUNTINGTON, L. I., Sept. 5.—The American boat Dixie IV won the international boat race today and the international cup will remain in this country for at least another year. For seven consecutive times America has successfully defended the trophy. The Pioneer was the only English boat in today's race.

Boy Murderer Sent To Jail for 20 Years

NEW YORK, Sept. 5.—Paul Geldet, the boy who slew William H. Jackson, the broker, was sentenced today to serve not less than twenty years in State's Prison.

STOMACH TROUBLES

Horsford's Acid Phosphate

## MISS LEIGH STAFFORD WEDS COLLEGE GRADUATES MARRY

MRS. EVAN FOULDS, who, until her marriage in Klamath Falls Sunday last, was Miss Leigh Stafford. Mrs. Foulds was graduated from the University of California in the class of 1911, and while in college was one of the most prominent of women students in all activities of the institution. (See Photo.)

While in college Miss Stafford, who was graduated in the class of 1911, was a member of the Pythian women's honor society, the English club, Mask and Dagger Dramatic society and Alpha Omicron Pi sorority. She was prominent in college theatricals, having played the title role in "Mary Stuart," the last play given by the English club in the Greek theater. She also had a leading part in the Greek tragedy "Edipus Tyrannus," given during the university semi-centennial celebration.

Foulds was graduated last spring from Hastings College of Law and is connected with the legal department of the Southern Pacific. He is a member of Phi Alpha Delta, a new law fraternity.

After a honeymoon the couple will reside in San Francisco.

Insane Asylum in Phoenix Is Burned

PHOENIX, Ariz., Sept. 5.—The administration building of the Territorial insane asylum, two miles from this city, was destroyed this morning by a fire which presumably was caused by crossed wires. There were no patients in the building and those in adjoining structures were taken to places of safety without excitement. The loss was estimated at \$50,000, though the building was twenty-five years old and of poor design.

Patients Are Moved From Neighboring Structures Without Unusual Excitement.

Sugar Beet Crop in France Is Very Poor

PARIS, Sept. 5.—The sugar beet crop this year is the poorest since 1881. The price of sugar has already risen about 2-3 cents a pound. It is expected the price will be advanced this week to about 8 1/2 cents a pound.

California Aviator Flies 55 Miles in 55 Minutes

LONG BEACH, Sept. 5.—Frank Champion, an aviator of this city, flew from Oceanside to Long Beach in a monoplane in 55 minutes today, covering an estimated distance of 55 miles. He had intended to go on to the national soldiers' home at Saw-

telle, but because of the illness of his wife at their home here he ended his flight at this city. His flight today is the longest made on the Pacific coast so far. At Oceanside yesterday he made a speed flight over a measured course at a rate unofficially estimated by signal men at 90 miles an hour.

## COUNCIL CHARGED WITH EXTRAVAGANT WASTE OF FUNDS

Commissioner Bitterly Attacks Colleagues Claiming Oakland Is Exorbitantly Taxed

Meeting Marked by the Exchange of Cutting Personalities and Exhibition of Bitter Feeling

In the face of a scathing indictment on the ground of extravagance pronounced by Commissioner Harry S. Anderson in voting against the fixing of the municipal budget, the city council this morning by a vote of three to one passed the ordinance establishing the tax rate for the current fiscal year at \$1.98 on the \$100 assessed valuation. The vote was as follows:

Ayes—Commissioners BACCUS, FORREST and TURNER.  
No—Commissioner ANDERSON.  
Absent—MAYOR MOTT.

Anderson's address to the council was a biting criticism of his conferees, whom he accused of making the city administration a political bureau. The commissioner compared and contrasted the Oakland tax rate with that of other cities in California, and pointed to various offices in the city government in which he declared the expenses could be lessened. Anderson declared the tax rate the highest in the state.

The criticism occasioned a clash between Anderson and his conferees. In voting no on the tax rate, Commissioner Anderson asked that his reasons for voting against the ordinance be spread upon the minutes, and filed a copy with the city clerk. His demand that the document be included in the minutes was denied by the united vote of his conferees.

"I see no reason to include a political speech in the minutes," said Councilman William J. Baccus. "It has never been done before."

"That's right," declared Commissioner Fred C. Turner, who had listened restively to the talk by Anderson and had interrupted at several points. "It would not be so bad if it were sincere. But it is not sincere."

"I think the council has not been courteously treated in this matter. This was not the time to make these points. When the budget was under discussion in committee, Mr. Anderson failed to make one healthful suggestion. When the ordinance was given its first reading he criticized the street department, but that was merely an afterthought."

So far as I can see this is merely a play to the gallery."

"There's not much of a gallery," responded Anderson, pointing to the obby which contained but a scattering of auditors.

"Well, it'll be printed in the papers as a little war, and you'll be the hero of the engagement, I suppose," Turner returned.

Turner had interposed during Anderson's talk when the latter declared that despite the fact that Turner had made his campaign for office on the ground that his technical qualifications as an engineer fitted him for the position of commissioner of public works, he had "humbly submitted" to being made commissioner of public health and safety.

"I object to that," said Turner. "I did not humbly submit to anything."

"Well, you took the place, didn't you?" asked Anderson.

"The votes were there, and the matter was determined by the council," Turner responded.

GIVEN FINAL PASSAGE.

The ordinance fixing the tax rate was formally given its final passage and goes into effect immediately. City Treasurer Edwin Meese will start to prepare his tax bills and send them to the property owners within the next week.

A communication from C. S. MacMillan, an expert accountant with offices at 908

30,000 Die of Cholera; Terror Causes Violence

CHIASSO, Switzerland, Sept. 5.—Since the beginning of the present year the total number of deaths from cholera in Italy has passed the 30,000 mark. Terror and superstition are causing outbreaks of violence among the inhabitants, who consider the authorities responsible for the scourge.

Health measures are opposed by the people, who firmly believe it is the desire of the authorities to kill through poison, a large number of the people and in that way get rid of the poor. The most energetic measures have been adopted by the Italian government to maintain order.

California Aviator Flies 55 Miles in 55 Minutes

LONG BEACH, Sept. 5.—Frank Champion, an aviator of this city, flew from Oceanside to Long Beach in a monoplane in 55 minutes today, covering an estimated distance of 55 miles. He had intended to go on to the national soldiers' home at Saw-

telle, but because of the illness of his wife at their home here he ended his flight at this city. His flight today is the longest made on the Pacific coast so far. At Oceanside yesterday he made a speed flight over a measured course at a rate unofficially estimated by signal men at 90 miles an hour.

# THREE DEAD AND MANY INJURED

Fast Passenger Smashes Into Freight by Running by a Block

Engineer, Passenger and an Unknown Tramp Killed and Fireman Dying

ERIE, Pa., Sept. 5.—Three are known to be dead and as many more are thought to be beneath the wreckage of the Erie and Pittsburgh passenger train that crashed into a Lake Shore freight at Dock Junction last night, where the roads cross. The dead are Engineer John S. Jones of this city, a tramp who cannot be identified, and an unknown passenger who was riding in the smoker. Fireman James Firman of this city is dying in the Hamon Hospital.

The wrecked passenger train was bound for Erie from Pittsburgh, and it is believed the engineer was running fast to make up his lost time and ran by a block near the crossing, crashing into the freight.

Besides the injured in the hospitals, more than a score were taken in automobiles to nearby houses. At the hospitals this morning it is reported that all the injured will recover but Fireman Firman.

# PLEADS GUILTY TO A FELONY

Bogus Check Passer and Former Convict Again Sent to Prison.

Charles Chevigny pleaded guilty this forenoon in the criminal department of the Superior Court to passing a fictitious check for \$40 and two prior convictions—one for forgery and the other for burglary. He waived time for hearing judgment, and Judge Benjamin F. Bledsoe of San Bernardino county sentenced him to five years in the penitentiary at Folsom.

He served two years for forgery, being sent up from Merced, and ten years for burglary, this crime having been committed in Yuba county. The fictitious check was passed in this city in May.

# WITNESSES CONTRADICT BEATTIE'S TESTIMONY

Alleged Murderer Excused After Occupying Witness-Stand but Seven Minutes at Morning Session

CHESTERFIELD COURTHOUSE, Va., Sept. 5.—After asking Henry Clay Beattie, Jr., indicted for wife murder, the one question as to how he could account for the transition of the same gun from the hands of Paul Beattie, his cousin, on Saturday night to the hands of the alleged highwayman on the following Tuesday night, the prosecution ended its cross-examination of the prisoner today. The accused denied that he knew his cousin Paul had a gun on the Saturday night in question or that he was with him during that week.

The commonwealth thereupon began its attack on the prisoner's story. The rebuttal was practically an attempt to corroborate Paul Beattie as to his alleged meeting with Henry on Tuesday night to arrange for the delivery of a shotgun to his cousin on the Saturday following. Several witnesses testified that they saw the two cousins together on Thursday, and Mrs. E. J. Houchens, mother-in-law of Paul, stated that Henry had brought Paul home in a machine that same evening.

A second point taken up by the commonwealth was an assault on E. H. Nebitt's testimony that Paul had a shotgun on the bridge where he worked on the Saturday night following the alleged transfer of the gun to Henry. Witnesses sustained Paul's testimony that he had no gun at the bridge that day, and one man said he was there during the time of Nebitt's visit and saw no gun.

CHESTERFIELD COURTHOUSE, Va., Sept. 5.—Henry Clay Beattie, Jr., indicted for wife murder, took the witness stand at 9:30 a. m. today and Prosecutor L. O. Wendenberg resumed his cross-examination.

Judge Watson announced that it seemed to the court that the case along its main lines had been developed carefully and at great length and that it had reached the stage where the court would be justified in placing some limit on counsel. He added that the examination of the prisoner should not be a test of physical endurance, and that the court would permit an hour of re-direct examination. Wendenberg said he only intended to ask one or two questions.

"I did not know anything about the gun," I did not see it until the highwayman raised it."

WIFE'S SUGGESTION.

"And will you admit that if your wife had not suggested the ride, you would not have been there?"

"No, my mind was not made up as to the ride when my wife suggested it."

"Well, how did the man with the gun know that you and your wife were going up the road that night?"

"We protest," said counsel for the defense, and the judge sustained them. Wendenberg concluded his cross-examination.

Attorney Smith said no re-direct examination was intended and the prisoner was excused at 9:37, just seven minutes after he took the stand. The prisoner walked back to his cell, and at the heart of his examination. He asked Judge Watson as he rose from the witness chair if there were not additional questions.

"That will be all," replied the judge. Harry Nathan was the first witness called by the prosecution in rebuttal.

FRIEND TESTIFIES.

W. R. Hart was called. He said he had been a friend of the accused for 15 years. On the Thursday night preceding the murder, Hart said he overheard Beattie say on the telephone "will be here in 15 minutes" at which time he came from the telephone the accused explained he was going to take Paul Beattie and his wife out riding.

Mrs. A. B. Houchens, mother-in-law of Paul Beattie, next took the stand. She was asked if she knew anything about the receipt of a telephone message from Henry C. Beattie Jr. on Thursday night.

"It was Thursday night, July 13, about 9 o'clock," said Mrs. Houchens, "when I answered the telephone and Henry C. Beattie Jr. asked for Paul. I called Paul and I heard Paul say, 'You want me to meet you at Short and Main in 15 minutes?' All right, I'll meet you in a half hour." Paul then called a Mrs. Fisher and said Harry would be up later.

"Did you hear anyone come by later that night?"

"I heard Paul say 'good night, Henry' when the machine brought Paul home."

"Did they seem to be doing anything about the machine?"

"Yes, they were both fixing the light or something."

"Do you remember what time Henry brought Paul home Saturday night?"

"About 1 o'clock."

TOLD TO TELL ALL.

"Did not you all tell Paul he was in a bad fix and to tell all to the police?"

"Not until we knew he had bought the gun."

"Then you all tried to get Paul out of it?"

"I just told him to tell the truth."

"Was not he worried to death and pretty nearly crazy?"

"No sir. He did not act crazy."

"Did you ever see him have any fits?"

"He has had nervous breakdowns."

"Did Paul tell you anything about the alleged confession on that Thursday night?"

"He told us about the purchase of the gun."

John Joseph, a Syrian, who has a store at Short and Main streets, testified he saw Paul Beattie at his stand Thursday night, July 13.

"What did Paul do at your store?"

"He came in between 8 and 10 at night and sat down. He had been there seven or eight minutes and a machine came. Another young fellow was in it and they went west."

"When did you meet the prisoner?"

"In the jail."

COULD NOT SWEAR.

"Was it the same man who came for Paul?"

"I think so, but I could not swear."

Frank Mason, who claims to have been in the John Joseph store, testified that he saw Paul there on Thursday night and that a machine called for him.

Wm. McEvoy, a bartender, testified that he saw Paul and Henry together about half-past 8 o'clock in McEvoy's drinking beer "on either Wednesday, Thursday or Friday night before the murder."

John Britton corroborated McEvoy's testimony, declaring he saw Paul and Henry at the bar on Thursday night before the murder. He said he thought they had a machine outside and came between 8 and 9 o'clock.

CONTRACTS LET BY SUPERVISORS

Pertain to the Construction of Storm Sewers and Bridge Building.

The supervisors this morning opened bids and awarded contracts for several public improvements as follows:

Storm sewer at County Infirmary, Fred Leffler, \$1673; W. S. Ruffalo, \$1521; 50' P. Mathiesen, \$1485; Michael Healey, \$1490; H. Gould, \$1327; M. Hoemen, \$1445. The contract was awarded to Hoemen.

Bridge at Bridge and Main streets, O'Brien & Co., \$3448.20; Hyde, Hayes & Co., \$3417.45; Fred Leffler, \$3496.80; F. O'Brien & Co., \$3557. The contract was awarded to Hyde, Hayes & Co.

Bridge over the Arroyo Valle-Cotton Brook & Co., \$4735; Hyde, Hayes & Co., \$4115; Fred Leffler, \$4065; F. O'Brien & Co., \$4168; Peter O'Brien & Co., \$3341.60. The contract was awarded to Peter O'Brien & Co.

15-YEAR-OLD GIRL CAN'T BE FOUND

Disappears Soon After She and Youth Fail to Get Married.

SAN FRANCISCO, Sept. 5.—The police are searching for Mildred Brooks, 15-years of age, who was last seen by Clarence Hawkins, a bell boy, when he left her Thursday afternoon in a taxi cab at Van Ness avenue and Market street.

Tuesday, at noon, she left her home, 555 San Bruno avenue.

According to Hawkins, he and Mildred met Tuesday evening, went to Oakland and tried to secure a marriage license but failed to do so on account of the girl's age and returned here.

Excursion Rates to Stockton.

On Sunday, September 3, 10, 17 and 24, the round-trip fare will be three dollars and fifteen cents to Stockton, and return limit same date. Very convenient train service so that the trip can be made leisurely. Ask S. P. agents, Broadway and 15th streets, Oakland, or our agents in Oakland, Berkeley, Alameda, Fruitvale, and Melrose.

# CITY COUNCIL PASSES THE TAX RATE

Commissioner Anderson Censures in Bitter Tones His Colleagues.

Declares That Oakland Is the Highest Taxed City in the State.

(Continued From Page 1)

Broadway, offering to show the council how \$100,000 could be cut from the budget in illegal and unnecessary expenditures, was presented to the council this morning. The communication was not read in council and no action other than ordering it filed was taken in the matter.

ANDERSON'S SPEECH.

Anderson's statement of his reasons for voting against the ordinance follows:

Commissioner H. S. Anderson said: "In voting 'No' upon this ordinance fixing the tax rate for the present fiscal year at an exorbitant figure of \$1.38, I desire to present the subjoined statement and ask that it be spread in full upon the minutes of this Council in explanation of my vote:

"A close scrutiny of the budget shows many extravagances in the various departments of the city government. The administrative offices being all conducted under a far too liberal allowance for clerical help. Eliminating entirely the police and fire departments, the allowance for such increased help this year is over \$25,000 more than last. Special attention is directed to the following comparisons for which there appears to me to be little if any justification:

Auditor .....	\$10-11	\$131-12
Supervisors of Alameda county. As you well know this is solely and primarily a city tax devoted exclusively to city purposes for city purposes. The estimate, \$238,000, is to be devoted to salaries and wages, the ordinance authorizing the appointments of men already been adopted by this Council. The balance, or \$162,000, is to be devoted to the purchase of equipment and supplies. One hundred thousand dollars at least should be lopped off this allowance for salaries, if the people's interests are in the slightest degree considered.		
Treasurer .....	\$17,325.00	\$18,900.00
Electrical Dept. ....	\$5,400.00	\$7,800.00
Police and Firemen ..	\$5,840.00	\$6,420.00

POLICE AND FIREMEN.

"I make no exception to the increase in the police and fire departments as they are entirely justified. The men through the very character of their employment, their constant exposure to danger and possible loss of life, are entitled to every consideration and are in no sense overpaid."

"The Street Department is allowed in the budget the sum of \$400,000, of which, according to the Commissioner's own estimate, \$238,000 is to be devoted to salaries and wages, the ordinance authorizing the appointments of men already been adopted by this Council. The balance, or \$162,000, is to be devoted to the purchase of equipment and supplies. One hundred thousand dollars at least should be lopped off this allowance for salaries, if the people's interests are in the slightest degree considered."

DEPARTMENT OF ENGINEERING.

"In explanation of the increased allowance in the department of engineering, Commissioner Turner (who in all his campaigns for the city council has been the 'one candidate pre-eminent' qualified by education and experience for the position) has requested the city council to increase the allowance for the department of engineering from \$100,000 to \$140,000. The increase is to be placed upon a salary basis of permanent employment, whether needed or not, and the city council is to be commended for its wise and businesslike administration."

"At last Monday's meeting the Council Mayor Mott stated that 'Oakland bore the enviable distinction of allowing a permanent public improvement and betterments than almost any other city in the country. Why should it not, with the levy where it is? My contention is that the city council should not be so easily misled by the one item of \$47,400, classified as public betterments, which the city engineer has taken away from the department of Public Works, and placed upon a salary basis of permanent employment, whether needed or not, and the city council is to be commended for its wise and businesslike administration."

SCORES COLLEAGUES.

I have been charged by Commissioner Bacus with being 'sore' because the office of city engineer was taken away from the Department of Public Works, where it belongs under the charter, and placed in the office of superintendent of streets.

Commissioner Bacus, as well as every other member of this council, knows that the sole purpose of this act was to take from me the patronage and supervision of this department, and to place it in the hands of the city engineer, a political machine which they are maintaining in every department of the city government, notwithstanding the fact that the city council, in fact, a service of notice to all concerned that the majority of this council intended at the first meeting of the council to take the bit in their teeth and to ruthlessly override the charter provisions, but to proceed arbitrarily as was done in this instance, under the high theory of 'might' alone was a positive slap in the face to every freholder as well as to the city council. The charter provided that the city council should have the right to elect and remove the city engineer, and the city council, in fact, a service of notice to all concerned that the majority of this council intended at the first meeting of the council to take the bit in their teeth and to ruthlessly override the charter provisions, but to proceed arbitrarily as was done in this instance, under the high theory of 'might' alone was a positive slap in the face to every freholder as well as to the city council. The charter provided that the city council should have the right to elect and remove the city engineer, and the city council, in fact, a service of notice to all concerned that the majority of this council intended at the first meeting of the council to take the bit in their teeth and to ruthlessly override the charter provisions, but to proceed arbitrarily as was done in this instance, under the high theory of 'might' alone was a positive slap in the face to every freholder as well as to the city council. ## LATEST NEWS FROM OUTSIDE TOWNS

RICHMOND HAS A  
BIG UNION PARADE

Labor Day Celebration One of Most Successful Ever Held There.

RICHMOND, Sept. 5.—Fully 1000 men marched in the Labor Day parade here yesterday morning under the auspices of the Contra Costa County Building Trades Council. The parade was nearly a mile in length and was one of the most elaborately arranged and most successful things of the sort ever held in the city.

D. J. McPherson was grand marshal of the day and led the procession, followed by pupils from the Union High School who made up the first division. A number of the pupils were dressed as clowns and gnomes, while others were in caps and gowns, the high school band bringing up the rear.

## THE CEMENT WORKERS

These were followed by the Cement Workers in white duck trousers and blue shirts, nearly 125 in number, having the largest body of any union represented in the parade; the local Parlor of Native Sons in blue and gold uniforms, followed by their wife and family; the Carpenters of the Santa Fe shops, in specially made overalls and jumpers; the Boilermakers' Union, whose members were appropriately dressed and appeared on a monster float containing a boiler in process of hand-riveting; wagons of the Enterprise Brewery decorated with flags; a delegation of the city's news boys, and several wagons of local business houses, which closed the parade.

The afternoon and evening were devoted to a picnic and dance at East Shore Park, near Stege, where it is estimated 3000 people were present. Games and races were features of the day, followed by the dancing in the pavilion in the evening.

WIFE SAID TO BE IN  
FEAR OF HER HUSBAND

PLEASANTON, Sept. 5.—Louise Maggi, charged with forcing his attention on his own wife who works in a laundry operated by A. Bon, was found not guilty of violating a revolver in a threatening manner when ordered out of the laundry by the proprietor by a jury in Judge Quinn's court.

Maggi married the woman some months ago and in accordance with the wishes of her father allowed her to continue in her laundry. But when he got a permanent job in Richmond and wanted his wife to come to him, according to his story, Bon, by undue influence, persuaded her to refuse. Bon, however, stated to the court that the young wife, who is Italian, knows no English, is in mortal fear of her husband.

NILES CITIZENS WILL  
DISCUSS WATER QUESTION

NILES, Sept. 5.—A mass meeting of the citizens will be held very soon under the auspices of the business men of this place to discuss the water question. At the meeting it is proposed to have several prominent Oakland and San Francisco men present to address the gathering on the subject and explain the situation being taken by the water companies of the bay section. The Chamber of Commerce is also taking an interest in the proposed meeting.

RICHMOND COUNCIL TO  
CONSIDER ANNEXATION

RICHMOND, Sept. 5.—The City Council will meet tonight, having postponed its regular meeting scheduled for last evening because of the holiday of yesterday. The petition calling for an election to consider the annexation of Pullman, Stege, and adjoining districts will be the main feature of the council's deliberations.

THREATENS STRIKERS  
WITH CRUELTY CHARGE

ALVARADO, Sept. 5.—Milkmen employed at the Wiggmann dairy have gone on strike. By the unique method of threatening the strikers with prosecution for cruelty to animals, Manager Apterout persuaded some of them to resume work. Efforts are being made by the management to secure a new lot of milkers from San Francisco.

LADIES' GUILD ELECTS  
OFFICERS FOR THE YEAR

NILES, Sept. 5.—An election of officers of the Ladies' Guild of the Congregational Church has been held and the following officers elected: Mrs. H. B. Ellsworth, president; Mrs. H. A. Mayhew, vice-president; Mrs. C. Higley, treasurer. A meeting was held in the church following the election and addresses made by the newly-installed officers.

PITTSBURG WILL  
BE GIVEN BOOST

Chamber of Commerce in New Town Has Daily Increase of Members.

PITTSBURG, Sept. 5.—The roll of Pittsburg's new chamber of commerce is being added to daily, the membership now numbering about 40 of the most prominent business men of this town and section.

Among these men are: Sumner Crosby, Otis Loveridge, J. R. McFaul, Supervisor W. J. Buchanan, G. Todor, Geo. P. Keller, Dr. F. S. Gregory, R. E. Smith, Andrew Daly, J. C. Stinchfield, J. M. McCoy, A. P. McCarthy, F. B. Hanson, W. G. H. Croxon, E. E. Haynes, Redwood Mfrs. Co., Gus Anderson, Norman E. Schmidt, John J. Dair, James E. Fahy, James Fitzgerald, J. Shiver, J. Lendenburger, A. B. Dair, G. G. Belmont, Knoff, R. A. Berghold, J. F. Mora, D. Israel, Emil Emmington, J. P. Lanter, W. J. McBurnett, George Higgins, Viscount Hardware Co., Gatto Bros., B. Henriksen.

Officers for the chamber were elected at the last meeting, as follows:

President, E. S. Gregory; secretary, Geo. P. Keller; vice-president, Otis Loveridge; treasurer, W. J. Buchanan.

467 PUPILS AT  
GRAMMAR SCHOOL

Substantial Increase Shown in the Enrollment at San Leandro.

SAN LEANDRO, Sept. 5.—The registration in the grammar school here has been exceptionally large for the first month of the fall term. There is a total enrollment of 467 pupils, a substantial increase over that of last year.

Following is the enrollment by grades: First, 86; second, 78; third, 76; fourth, 58; fifth, 32; sixth, 32; seventh, 28; eighth, 48.

The annual training course is proving very popular, there now being 53 pupils in the class and 26 in the basketry class. The girls' sewing and cooking classes are also very popular.

The gymnasium classes are also being well attended, there being over 60 boys taking the different courses.

A boy's band is being formed and later will give concerts.

THOUSANDS GREET  
MAYOR M'CARTHY

The Executive Takes a Rest On Labor Day; Active Campaign Resumed.

SAN FRANCISCO, Sept. 5.—After a one day's respite from his campaigning for re-election at the coming mayoralty election, Mayor James E. H. McCarthy today resumed active work. He observed Labor Day yesterday, taking part in the parade and the exercises at Shell Mound Park. Besides acting as host to Samuel Gompers, president of the American Federation of Labor.

Himself president of the State Building Trades Council, McCarthy today was given a cordial greeting by the thousands of labor representatives at Shell Mound.

Today the Mayor will start out again and will keep going all week, day and night. His meetings for this evening are: Thirty-third district—Wolfe Hall, Ocean View; Sunnyvale Hall, 341 Hearst avenue; Thirty-second district—Hawes Hall, Twenty-eighth and Connecticut; Thirty-fourth district—Willoughby Hall, Twenty-fourth and Castro.

BERKELEYANS PROTEST  
AGAINST OIL PLANT

BERKELEY, Sept. 5.—A score of women and other protesters, appeared before the city council today morning in protest to the granting of an application to J. Russell to install a steam boiler for the manufacture of eucalyptus oil at West and Cedar streets on the Santa Fe line. Attorney Joseph A. Brown spoke for the protesters and individual complaints were made by many of the residents who declare that smoke and fumes of the factory, if located in the neighborhood, would prove a nuisance and a detriment to property, and the Council, after hearing the protest as well as W. E. Halbert, representing Russell (the applicant himself, ordered a new application for a permit, the present one not being in compliance with a city ordinance requiring complete plans of the factory to be filed.

## TAX CONFERENCE OPENS.

RICHMOND, Va., Sept. 5.—With forty states represented, thirteen of them by their chief executives, the International Tax Conference opened here today. The government was represented by H. H. Hawley of Idaho and Tasker L. Odell of Nevada.

WESTERN PACIFIC  
WANTS SPUR TRACK

Officials of Road Inspect Proposed Route for Branch in San Leandro.

SAN LEANDRO, Sept. 5.—Superintendent Spelman of the traffic department and Superintendent Brown of the engineering department of the Western Pacific Railroad Company, have made an inspection of the proposed branch of the railroad through the manufacturing district of this place, for which a franchise was applied for at the last meeting of the Board of Trustees.

The railroad officials have also requested an interview with Mayor J. J. Gill to discuss the alleged neglect of the railroad to carry out its promises made to the board some years ago when the franchise for its line through the town was granted. When the application for the spur track was made, recently the Mayor bitterly criticized the company for failing to keep the railroad crossing in good condition in accordance with its promises. The chief executive in addition stated that he would never grant the privilege requested unless the company did its part in good faith.

The application of the railroad was backed up by petitions from several manufacturing concerns, praying that the franchise be granted.

ELMHURST WILL  
BANQUET QUEEN

Compliment to Her Most Gracious One-time Majesty Miss Gertrude Olivera.

ELMHURST, Sept. 5.—An elaborate banquet in honor of Miss Gertrude Olivera, who for four days reigned over a host of loyal subjects at the recent coronation of the Elmhurst queen, will be held in the banquet hall of the Elmhurst hotel tomorrow evening, commencing at 8 o'clock. The affair is being given by the citizens of Elmhurst, among those who were responsible for the carrying out of the details being B. Magnusson, Manual Marshall and Jack O'Neil.

Over 150 invitations have been sent out and the hall is being suitably decorated for the occasion. Chairman Phenegar, vice-president of the Elmhurst band, will be at the head of the banquet board as toastmaster. Miss Olivera will have the place of honor beside him.

Among those who will be present will be Joaquin Rosa, Samuel Batf, Carl Noster, Charles G. Brown, and others. The San Lorenzo band will furnish music.

CHINESE WOMEN  
HERE TO STUDY

Two Arrive From the Orient to Enter Medical Universities in the East.

SAN FRANCISCO, Sept. 5.—Two Chinese women students the first to be sent to American colleges by the government of China, arrived in San Francisco on the Pacific Mail line Peking yesterday. They are Mrs. Koa Lena Ching, who, with her husband, will attend the University of Michigan, where they will both study medicine, and Miss Ella See, who will go to Washington, D. C., where she will continue her musical education. Both women are graduates of the Ching Hwa College, Peking, China. Mr. and Mrs. Koa are accompanied by their two-year-old son.

Out of the ninety-three first-class passengers on board the steamer Persia, seventy-three were students, sixty-one of whom will receive a post-graduate course at the various American universities, the expense being defrayed from the Boxer indemnity fund of \$11,000,000, which is being used to promote higher education in China.

WOMAN IS ACCUSED  
OF THEFT OF \$150

SAN FRANCISCO, Sept. 5.—A warrant was issued today by Judge Charles L. Weller of the Police Court for Miss Irene Gagen, who is accused of felony embezzlement. The warrant is sworn to by George H. Dowling of the Hotel Metropole in Oakland. The alleged embezzlement was in the sum of \$150.

The students will visit Oakland and Berkeley tomorrow.

COURT OF APPEALS HAS  
REVERSED IDAHO COURT

SAN FRANCISCO, Sept. 5.—The United States Circuit Court of Appeals reversed today the decree of the Circuit Court for the district of Idaho in the suit of the United States to enjoin the Mtn. doka and Southwestern Railway Company from constructing a road across land which had been set aside by the secretary of the Interior for irrigation and reclamation purposes. The government already has spent \$1,300,000 on the project.

WHIST TOURNAMENT  
SET FOR THURSDAY

BERKELEY, Sept. 5.—The first party of the month will be given by the South Berkeley whist tournament club Thursday evening in Lincoln Hall. The winners of the monthly prizes for August were J. E. Warren and Mrs. A. M. Gault. At the last gathering of the club the following received prizes: First, J. E. Warren; second, Rogers Fris; third, J. W. Watson; fourth, I. C. Taylor; fifth, T. Rose. The organization meets each week.

ARE FARMS TO BE 25 YEARS' AGONY  
CONTROLLED BY THE TRUSTS?  
ENDED IN HURRY

President Brooks of National Farmers' Union Ventures That Prediction.

SHAWNEE, Okla., Sept. 5.—That the farms of America will be owned and controlled by the trusts within the next thirty years if they do not co-operate and conserve their efforts, was the warning issued today by President T. J. Brooks of the National Farmers' Union, at the addresses of welcome at the opening session of the National Farmers' Union.

Brooks spoke at length on his theme of co-operation. He declared that the farmers must immediately change their business methods and assist one another or they will soon be the playthings of the interests. Brooks pointed out that the farmers are losing a billion dollars annually in the value of their holdings, while the trusts, on the other hand, are gaining a like sum.

United States Senator T. P. Gore followed Brooks and took up the cudgel for co-operation. His speech was confined mostly to amplifying the statements of Brooks.

"You farmers will be buried deeper in misery than ever if you do not co-operate," declared the blind senator. "More attention must be given to business if you are to be successful."

## ADDRESS OF WELCOME.

Former State Senator Campbell Russell delivered the address of welcome on behalf of the Oklahoma Farmers' Union. Russell emphatically denied a statement recently made by the secretary of the State Bankers' Association that the cotton crop of the State for 1911 will not be the planters \$75,000,000.

"Every intelligent farmer knows that this year's crop will do well to bring in \$45,000,000," said Russell. "That is, if the present prices are maintained."

Secretary A. C. Davis of the National Union is making a number of letters and telegrams from farmers in the cotton belt urging the delegates to pass a resolution to hold cotton for 13 to 15 cents. Action probably will be taken on this matter in executive session tonight. All of the remaining meetings will be executive.

Secretary P. H. Stearns of the Shawnee Chamber of Commerce delivered the welcoming address on behalf of the city. Over 300 delegates are expected to attend. Every delegate represents 5000 members.

PROBATION FOR  
WOMAN SOUGHT

Little Girl in Court to Greet Mother Who Admitted Robbing Man.

Adele Novaresse, a comely young woman, appeared this forenoon in the criminal department of the superior court in the custody of Matron White of the county jail to answer to the charge of grand larceny. There was a very affectionate meeting in the courtroom between the prisoner and her pretty little three-year-old daughter, who was decked out in red from head to foot.

When Mrs. Novaresse was called before the bar by Judge Benjamin F. Biedose of San Bernardino county for sentence, having previously pleaded guilty to the charge, Probation Officer Russ asked for another week in which to complete his investigation of the care with reference to the woman's admission to probation. There was no objection on the part of the district attorney's office, represented by Chief Deputy District Attorney Carey, and the court granted the continuance.

Blanchina is the complainant witness in this case. He charges Mrs. Novaresse with robbing him of \$1250 while he was in her company, and while she claims that the amount of money she got was not that large, she does not deny that she "rolled" him. She sent the money to Italy.

COURT OF APPEALS HAS  
REVERSED IDAHO COURT

SAN FRANCISCO, Sept. 5.—The United States Circuit Court of Appeals reversed today the decree of the Circuit Court for the district of Idaho in the suit of the United States to enjoin the Mtn. doka and Southwestern Railway Company from constructing a road across land which had been set aside by the secretary of the Interior for irrigation and reclamation purposes. The government already has spent \$1,300,000 on the project.

WHIST TOURNAMENT  
SET FOR THURSDAY

BERKELEY, Sept. 5.—The first party of the month will be given by the South Berkeley whist tournament club Thursday evening in Lincoln Hall. The winners of the monthly prizes for August were J. E. Warren and Mrs. A. M. Gault. At the last gathering of the club the following received prizes: First, J. E. Warren; second, Rogers Fris; third, J. W. Watson; fourth, I. C. Taylor; fifth, T. Rose. The organization meets each week.

Oakland Man, Rheumatism  
Victim for Quarter Century,  
Finds Quick Cure.

Breaks Remarkable Record Already Established for New Treatment.

Rheumatism of 25 years' standing cured in two weeks by the new uric acid treatment, which is being introduced here, was the startling story told yesterday by Mr. Samuel Ball, who lives at 1051 Market street, Oakland. This adds another chapter to the many experiences of a similar nature with this new method of treatment which have been related recently in the bay cities.

In discussing his experience Mr. Ball said:

"I think my case is the most remarkable that has been told yet on the Pacific coast. I had rheumatism in its worst form for 25 years, and was considered absolutely incurable, but this new uric acid treatment cured me entirely in almost no time. I think the way these medicines act is wonderful, and the discovery of how to cure rheumatism the greatest thing that has happened in the present century."

"I used to lie awake nights with the pains I suffered. All of my joints were stiff and swollen and I suffered most severely down the back of my hip and in the sciatic nerve. I doctored and doctored, but nothing seemed to give me any real help or benefit. Then I heard about the great uric acid being done by this new uric acid treatment. I immediately tried Munyon's introducing here. A friend who had been cured induced me to go to Munyon's offices and I got the treatment from one of his physicians. It has cured me entirely. I simply can not express my gratitude."

Munyon maintains offices with expert physicians in charge to give free advice to the sick in San Francisco at 202 Market street, in the new Macdonough building, Broadway and Fourteenth street, and in San Jose in the Phelan building, 53 South First street.—Adv.

MANY CONTRACTS  
ARE GIVEN OUT

Supervisors Open and Pass Upon Bids for Much Street Work.

Bids for the construction of the storm sewer at the county infirmary; a bridge at Brighton station; a similar structure across the Arroyo valley at Pleasanton; and a sprinkling plant on the Altamont road, were awarded this morning by the board of supervisors after an executive session. The contract for the storm sewer, valued at \$14,400, was awarded to Mame Hoemen and Frank Souza for \$1445, the contract calling for the completion of the work within thirty days. The contract for the bridge at Pleasanton, valued at \$3,841.90, of the work was \$1300, and other bids were as follows: Fred Leffer, \$1673; W. S. Parley, \$1,587.50; C. Matheson, \$1485; M. Heafey, \$1490 and H. Reed, \$1877. The contract carries a bond of \$750 for faithful performance.

Hyde Harges & Co. secured the contract for the Brightside bridge, their bid being \$3,417.45, as against the county surveyor's estimate of \$3600. They are required to finish the work within sixty days and are under bond of \$1500. The unsuccessful bids were as follows: Peter Axsen & Co., \$2448; Fred Leffer, \$3,496.80, and F. Rose & Sons, \$3,535.

To Peter Axsen & Co. was awarded the contract for the construction of the bridge over the Arroyo valley at Pleasanton, valued at \$3,841.90, their bond \$2000 and their time within sixty days. The county surveyor estimated the cost of this improvement at \$4200, and the other bids were as follows: Cotton Bros. & Co., \$4735; Hyde Harges & Co., \$4115; Fred Leffer, \$4058, and F. Rose & Sons, \$4,168.55.

The only bidder for the Altamont road bridge was Peter Axsen & Co., which was \$7,338.50. This was regarded as reasonable by the board in view of the fact that the county surveyor's estimate of the work was \$8300. The contractors agreed to complete the work within sixty days and have given a bond of \$3500 for faithful performance.

Disbrow Drives Auto  
25 Miles in 15 Minute

SIDLEFORD, Me., Sept. 5.—Louis Disbrow, driving a Pope-Hartford, made a new world's automobile record at Old Orchard Beach, Maine, going 25 miles in 15 minutes 25 seconds.

"BILL JONES, HIS MARK"  
MYSTERY IS CLEARED

BERKELEY, Sept. 5.—The mystery of the "6X" and other mysterious marks on doorways in all parts of the city was cleared up today. Policeman Richardson discovered that neither burglars nor hoodlums were responsible for the following received prizes: First, J. E. Warren; second, Rogers Fris; third, J. W. Watson; fourth, I. C. Taylor; fifth, T. Rose. The organization meets each week.

## LIGHTS INSTALLED.

CENTREVILLE, Sept. 5.—Twelve lights supplied for this place by the county supervisors have been installed along the main thoroughfare. The local chamber of commerce will install several additional ones very shortly.

BROTHER FABRICIAN EX-POLICEMAN IS  
GUEST OF HONOR LODGED IN JAIL

New President of St. Mary's College Banqueted by Faculty.

Thomas Wren, Late Member of "The Finest" Mixes It With Patrolman.

Rev. Brother Fabrician, president of St. Mary's College, was the recipient of a banquet held Sunday evening in the college refectory. The affair was in the nature of a reception and recognition of the noted Christian brother's assumption of the administrative power of the college and was attended by all the faculty and lay instructors associated with the local institution. Rev. Brother Lewis, prefect of discipline and vice-president, presided, and speeches were responded to by Rev. Brothers Agnon, Vincent, Leo, Cornelius and Alfred. Professors Thomas Phelan, John Donovan, John Quinlan, William Fitzgerald and J. Lazzaro also spoke.

The fall semester at St. Mary's College will be formally opened with class work and lectures next Thursday morning at 8 o'clock. A banquet will be tendered at the college by the faculty the evening previous to the opening of school. The faculty will preside. The examination and registration of the incoming students will be devoted to today and tomorrow.

Registration at St. Mary's College has been unusually large this year, an attendance of over 300 being expected before the end of the week. At the present time over 150 students are quartered at the college. Rev. Brother Fabrician, assisted by Brothers Leo, dean of the department of arts and letters, and Lewis will welcome the student body upon their return to college. St. Joseph's Academy, Santa Park, Berkeley, will resume classes next Thursday with an attendance of 150. The academy is a preparatory institution of St. Mary's College and entitles its graduates to enter the high school department of the local college.

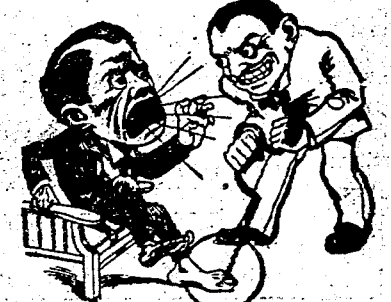

Rev. Brother Valentin, for several years president of St. Mary's College, is the head of the Berkeley institution.

**TEAMSTER ENDS LIFE ON DARE.**

PORTLAND, Ore., Sept. 5.—To show that he was not afraid to carry out his threats to end his life, Henry V. Bull, a teamster, rented a room at Kenton late on Sunday, rowed out upon Columbia slough and leaped overboard. His skeptical acquaintances on the shore could not rescue him until it was too late. Bull, who leaves a widow and child, came here recently from Oakland, Cal.

## Lord Dundreary Reincarnated.

Lord Dundreary is dead, but he appears to have been reincarnated; at least Sir Edward Boyle, who is "seeing" America, is as perfect a Dundreary as ever appeared on the stage. Or perhaps he is the brother of whom Dundreary said "he is an ass, but you'll like him." Sir Edward is all that Lord Dundreary described his brother to be, and appears to be a fine type of the aristocratic booby who goes globe-trotting and finds everything abroad so unsatisfactory because so different from what they have and do in England. Sir Edward dropped in on San Francisco while journeying from east to west and this is the impression he told a New York reporter San Francisco made on him:

"It was with a great feeling of relief that I crossed the Rocky mountains and headed for the east," he says.

"I had heard much of America, but the Pacific coast is impossible, and I must say that I felt like an Englishman going home when I reached the east. Out in San Francisco one wouldn't know that the people had any idea there was such a country as Europe. Why, really, I was surprised, not to say shocked, at the unculture of your Western people. Coming across the continent I heard two men talking and one of them, by way of illustration of his subject, remarked:

"Why, you would think we in San Francisco are as dense and ridiculous as an Englishman."

"Fawncy it, as dense as an Englishman, and as ridiculous, too. Well, I must say I have breathed with a great deal more freedom since I have reached your part of the world."

Nowhere will Sir Edward Boyle's comments on Pacific Coast people be more keenly appreciated than in San Francisco. Americans have long since ceased to feel irritated when some Englishman of the haw-haw variety criticizes them. Californians in particular enjoy such comments as those made by Sir Edward Boyle. The idea that San Franciscans never heard of Europe is hilarious in the extreme. San Francisco is one of the most cosmopolitan cities in the world. Every country in Europe is represented in her population, and old world manners, customs, habits and traditions are apparent at every turn one makes in the streets of San Francisco. Surely Sir Edward Boyle could never have met that distinguished traveler and Orientalist, the Hon. Jeremiah Lynch, or that eminent Anglo-American, the Hon. James D. Phelan, or that famous citizen of the world, Edward M. Greenway, or that renowned specialist, Dr. Baciagalupi, or that celebrated poet-lawyer, Dr. Edward Robeson Taylor. Surely he must have got San Francisco mixed with Dubuque, Iowa, or some other rural metropolis of the Middle West.

Not know Europe! Sir Edward Boyle must have gone through (or over) on a flying machine. Had he gone round San Francisco a little bit he would have seen English ale and Irish porter and nine kinds of German beer sold on draft. He would have found Yorkshire cheese on the free lunch counters and English newspapers in the public reading rooms. He would have found English, Irish, Scotch and Welsh societies, French and Italian restaurants, chop suey houses, Chinese highbinders, the Mafia and Cockneys from dear old Lunnon. He did not look around. He must have got to reading Dickens' first American Notes and passed through the town without seeing anybody but the hotel runners at the ferry. We are sorry for him. He is entitled to sympathy. An ass may conceal his ears, but he cannot hide his bray.

Had Sir Edward Boyle roared in San Francisco the boys would have had all kinds of fun with him. Unfortunately he did not lift up his voice till he got to New York, and thus missed the opportunity of having the time of his life. He would have been educated in some phases of European life with which he has not yet become familiar.

Senator Clapp has very kindly come to California to tell the benighted citizens of this State how they should vote on the constitutional amendments submitted by the last Legislature. He could with becoming modesty have remained at home till the people of Minnesota had incorporated in their constitution the provisions which he advocates in California. He should begin his missionary work in his own State, not here. He is offering us a prize package that the people of Minnesota have declined without thanks. But perhaps the voters of California are not so ignorant as Senator Clapp thinks, although the antics of Senator Works and Colonel Bill Kent justify him in thinking the worst of us.

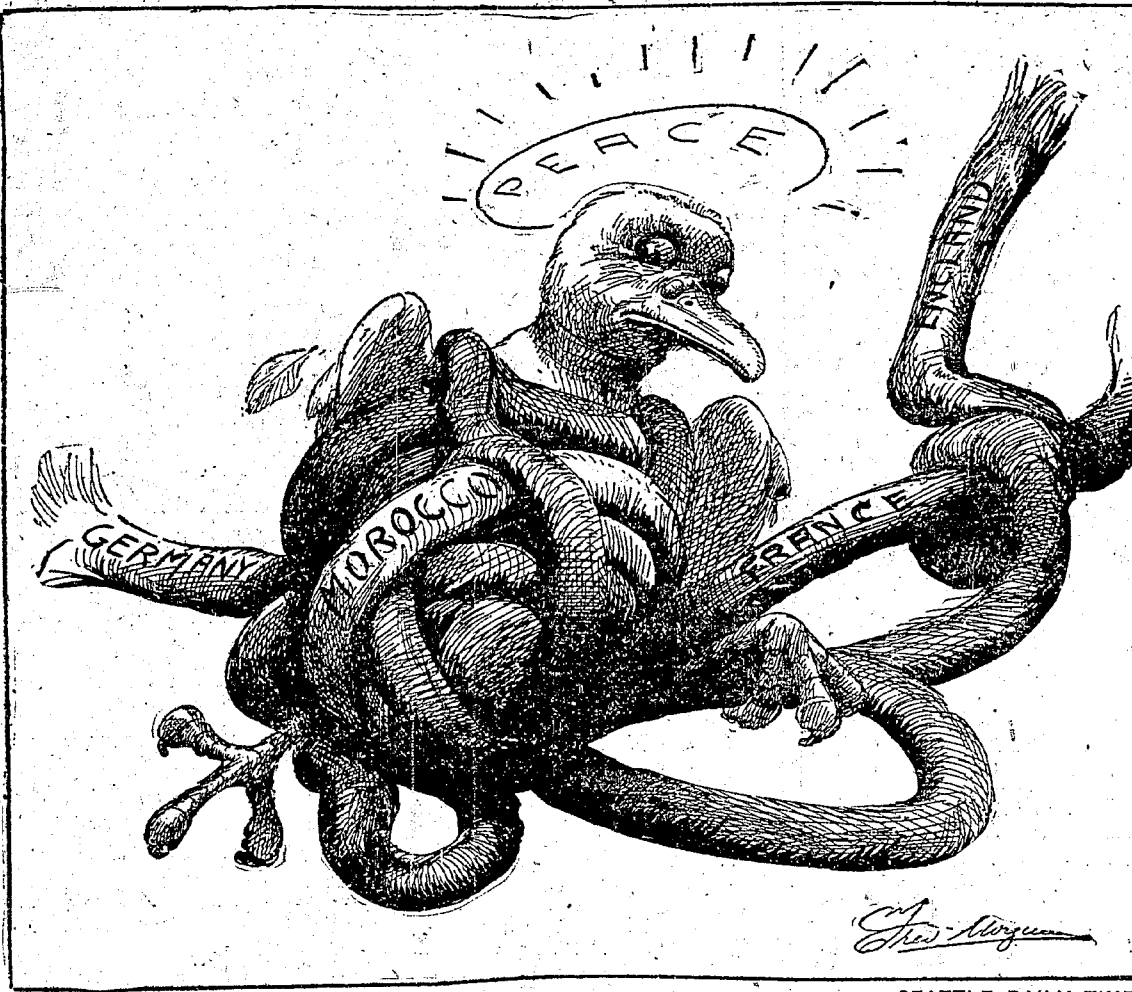

A dispatch from Davenport, Iowa, says Speaker Champ Clark rode in the Labor Day parade and made a speech on "The United States in the Twentieth Century." Afterward he met the leaders of the Illinois and Iowa Democracy who gave him pledges of support for the Presidency. Of course Champ was not doing politics. Nothing was further from his mind than lining up the labor vote for the Democratic ticket and incidentally working up a boom for his own nomination.

A municipal campaign being on, San Francisco is very much disturbed over the way the civil service provisions of the charter have been utilized or nullified to serve partisan ends. A vast deal of indignation is manifested and not a little language indulged in. One would think making the civil service system a sort of pea-and-shell game is something new and altogether outrageous. But the persons who are making the row this time know that the game was commenced by James D. Phelan when that worthy was Mayor. The charter was largely devised by Phelan and Phelan's friends, and Mr. Phelan utilized the civil service provision to build up a personal machine. It was worked so admirably that all of Phelan's enemies were gradually displaced by Phelan's friends. The present Mayor, P. H. McCarthy, was one of the Civil Service Commissioners. He was appointed by Phelan and got his first lessons in the reform game from Phelan. The old Phelan crowd are now charging him with doing what was done in Phelan's time. But political lines have shifted since then, and McCarthy has no bitterer enemy than his old patron and leader, Hon. James D. Phelan.

Harry Kemp, the tramp poet Upton Sinclair names as co-respondent in his divorce complaint, tells the New York Sun that he felt that Mrs. Sinclair and himself were "temperamentally adjusted to each other." He remarks, after describing how he met Mrs. Sinclair and became affinitized, that "we are not of the common sort." Thank heaven for that! Sad would be conditions if Kemp and the Sinclairs were of the common sort, and their contempt for the decencies of life the ordinary thing. Let us rejoice that they are uncommon people and have uncommon ways.

By the way, what has become of Colonel William Kent's Nevada fences. At last accounts some of them were reported to be on government land.

## THE MOROCCAN SNARL

—SEATTLE DAILY TIMES.

## The Value of Good Roads.

The Houston Chronicle says the construction of good roads in Freestone county, Texas, has increased the value of farm lands \$5 an acre on an average.

This increase in value is ascribed to the economic advantage of the modern highways and not to mere speculative advance. It has been demonstrated that a span of horses can haul precisely twice the load on the new roads that they could on the old, and make better time. Thus the good roads have effected an enormous saving in the cost of getting products to market. Besides the saving in time, there is less wear and tear on vehicles and less hardship for draught stock. Thus the increased value of the farm lands represents the increased efficiency due to the building of macadamized roads.

Moreover, the country has been made pleasanter to live in, more attractive to the eye and more inviting to the man who wants to buy a farm. Hence the money expended on good roads has added fourfold to the value of farm property and doubled the capacity and value of draught animals.

The lesson this Texas county has learned applies everywhere—in California and Oregon as well as in Texas. Good roads are not only a convenience, but an economic necessity. They are part of the equipment of every rural community. They increase values and production and invite investment. The country that has good roads and good schools appeals to every home-seeker. They advertise enterprise, comfort, thrift, progress. They tell the stranger that here is an up-to-date community, making the best of its opportunities and developing along lines which make rural life delightful and rural pursuits lucrative. One does not have to go to Texas to find this out or perceive the general improvement that good road building promotes and indicates. It is evident to the casual observer that good roads increase the profits of agriculture and add to the attractions of rural life.

Alameda county has many fine roads, but not enough. Her highway system is not fully developed, but wherever it has been developed the beneficial effects are apparent. In the adjacent counties less progress has been made in road building. This is particularly true of Contra Costa county, which is advantageously located and has a rich territory. But the example set in this county has not been lost on our neighbors. A good roads movement has been inaugurated in Contra Costa, and no doubt that county will be soon equipped with a modern highway system, which will in reality be an extension of the system Alameda county has constructed. Other counties are busy with road improvement schemes which promise to make this whole section of California a delightful region to traverse by private conveyance.

The effect will be immense viewed from the purely commercial standpoint. Good roads pay. They are a profitable investment. They add to the wealth of a country because they increase production and lessen the cost of transportation from the farm to the shipping point. They bring in money and home-seekers and develop the higher qualities of rural life, its beauties and social features. They rob pastoral pursuits of their isolation and hardship and bring the inhabitants of the country into a closer companionship which expands into a higher and better civilization. From every point of view the good roads movement should be encouraged. It is one of the greatest developing agencies in the country.

Constantinople is the pest-hole of Europe, as it is the hotbed of international intrigue. It is a breeding place for epidemic diseases as it is for firebrand politics. The outbreak of cholera among the Turkish troops is but another illustration of what a menace the Moslem capital is to the peace and welfare of Europe. The filthy and unsanitary condition of Constantinople invites the pestilential diseases generated in Asia. From Constantinople these diseases are distributed throughout Europe. Prior to the war with Spain Cuba used to annually distribute the infection of yellow fever all along the southern Atlantic coast of the United States. The cleaning up of Havana and Santiago removed the peril of this recurring pestilence. The Christian nations of Europe may yet find it necessary to clean up Constantinople as a sanitary measure. In its present condition it is a perpetual menace to the health of nations. Trade with it always carries danger from cholera and bubonic plague. In more ways than one is Turkey the sick man of Europe.

In Oregon an Indian brave has been fined \$50 for eloping with a white man's wife. Which recalls the complaint of the Cheyenne warrior: "White man taka Injun squaw, all right; pretty good. Injun taka white man's squaw, shoot him; hang him; what's the matter now?" It does make a difference. Even Poet Harry Kemp was not fined for taking Upton Sinclair's wife.

## SERMONS IN BRIEF

FOOD AND CLOTHING.

(By Alfred E. Street, pastor of Emmanuel Presbyterian Church.)

"Seek ye first the Kingdom of God and His righteousness, and all these things shall be added unto you."—Matt. 6:33.

The foundation necessity for every man is food and shelter for his body. If he fails to get these he dies and we can do nothing for him. Therefore, one of the foundation concerns of the church is the common supply of meat and clothing. The only collection recorded in the New Testament was not for church expenses but for the poor.

Christ said: "Seek first the Kingdom of God and His righteousness, and all these things shall be added unto you." It follows that if any one is without food, etc., then some one is not seeking first the Kingdom of God, or the rule of justice.

Men, women and children are starving to death in this country while most of the rest are never free from a terrific strain merely to make a living. Their struggles for life are more ghastly than the war of beasts in a jungle.

Now do not point your condemning finger at the trusts and predatory "interests." You and I are responsible for this. The supreme authority in this land is the voter, and if anyone is starving it is because voters have voted in such a way that he starves. Voters are king with all a king's power, and more, too.

By its charities the church has fully recognized its responsibility for the poor. But the church must face the terrible fact that we now have the opportunity and power to remove the cause of grinding poverty, not merely to play at its consequences.

The causes of poverty are perfectly well known today, and the means for removing these causes are in our hands. Therefore it devolves upon the church to seek first His Kingdom, that all these things may be added to every man, woman and child, instead of doing out the outrageous insult of charity.

"Thou shalt love thy neighbor as thyself."

## PUBLIC WORK OF WOMEN

The women in Dayton, Ohio, have not waited to become voters before organizing a public service club. They became anxious for cleaner streets than was the case in the city, and they did not know how to get them without co-operation, so they got together, looked up the law, found that there was plenty of law for the purpose they had in mind and set out to have it enforced, so that there should be no throwing of paper in the streets and they might be kept clean by obedience to the law.

The case of Dayton is similar to that of every other city but what is left unreported with reference to Dayton is whether or not the people who take up waste paper in all parts of the city make a practice of scattering it in the doorways and on the streets in the so-called process of removal. There is far more sin committed in that direction by collectors of garbage and waste paper than there is by the careless throwing of paper in the streets by citizens themselves.

In Los Angeles the women have organized a municipal league with nearly 800 members and scores more on the waiting list. The aim of the league is to work for sensible things that are worth while to the city. There is no politics in it, but only love for their town and the desire to help make it better in every way to live in. It would have vast access of power if its members had the ballot, but they do not wait for that, since life is short, but go ahead to do things now.

Women everywhere take an increasing interest in the welfare of the communities in which they live and make progress, in that way, toward larger liberty of action in all that concerns society in its modest organization. What the women of New Orleans did to get that city properly sewered and made fit to live in is another illustration of how practical are the women who are leading in the charge that is making its way and destined to keep on until there is no more thought of sex in American politics than there is religion, race, color or anything else.—Buffalo News.

COL. JOHN P. IRISH SAYS  
THAT SOMEBODY HAS LIED

EDITOR TRIBUNE: The Berkeley Courier, on the responsibility of Mrs. William Keith, publisher, the statement that the Northern California Anti-Suffrage Association headquarters manager, Miss Bronson, at the headquarters in the St. Paul building, San Francisco, received a check from the saloon-keepers and liquor interest. A teacher in a school in Oakland told the children in her class that I am paid by the saloon-keepers and the liquor interest for speaking against the eighth amendment.

Now I am in the position to affirm, upon my personal honor, that each of these statements made by the woman suffragists and in their interest, is a lie. It is a lie with all the poison and unholy quality of a venomous and injurious lie, conceived and circulated by those who know it to be a lie and those who do not know it to be true, each class doing this to promote suffrage.

These same women want to vote in order to bring into politics and public questions their refining and elevating influence! They want to purify political discussion and to fill politics with their sweetness and light!

Good women and sensible men will draw the proper conclusion from these examples of "lady politics" and will hasten to stop this demoralization where it is and keep out of politics these women who come with their mouths full of lies and their hands full of mud.

JNO. P. IRISH.

## UNHAPPY NEWPORT

Though happy herself, the little Miss French who fled from Newport with a chauffeur has for the time being rendered the pursuit of happiness wholly futile among her relations. We are told that in the eyes of her uncle, Stuyvesant Leroy, the cotillion leader, plain fury smolders. "It was with a set and angry face that he appeared at the Newport reading room yesterday," we read. "Sitting all by himself on the piazza, his eyes were never lifted from the newspaper before him. If they had been they might have seen sitting not twenty feet away on the box of his stage the father of the audacious young bridegroom, idly flicking at Newport files.

That is why her Uncle Stuyvesant Leroy is so very unhappy, why plain fury smolders in his eyes, and why he does not once look up from his newspaper to discover plain old father Geraghty flicking files. Here is a member of the family by marriage who not only works, but is shameless enough to do it where society can see him.

That is almost as terrible as if uncle Stuyvesant Leroy, cotillion leader, should have to go to work himself.—St. Louis Republic.

## Bachelor Musings

Did women talk the dead languages to death?

The henpecked man never crows about it.

Every man turns the other cheek—to his barber.

Fools try to convince a woman; wise men persuade her.

Because a girl is quite out of breath is no reason why we should refer to her short pants.

## 20 YEARS AGO IN OAKLAND

The police are of the opinion that the train robbery at Ceres last night was committed by the two men who have recently been in Oakland. The fact that the trainmen say that the operators were one tall and the other short is not the only thing on which the theory is based. Should the theory be a true one, and it is probable, the search that is now going on in the San Joaquin becomes doubly interesting for residents of this city.

A promising young colt made his debut at the race track yesterday afternoon. It was Dr. Ross. The animal is a two-year-old and never before ran in a race and has proved a speedy one on the track.

The people of Oakland should make a point to keep Labor Day. We owe that much to the workmen of the city and their co-laborers from other cities who

are to celebrate the day with them. Oakland has every reason to be proud of her skilled artisans and the people of the city should show their pride by honoring the day which is peculiarly the laborer's own.

Considerable excitement was created amongst the colony back of the lake Wednesday evening. It all grew out of the fact that two little boys discovered a man lying on the edge of the lake with his feet in the water, to all appearances dead. One of the youths immediately notified the entire neighborhood that a man had committed suicide and that they had found his dead body near the lake. On investigation it was found that the man was dead drunk.

The First Unitarian Church, one of the sacred edifices in the State, will be dedicated on Sunday.

## BARBER OF SEVILLE ADDS TO DORA'S POPULARITY

Rossini's Opera Buffa Admirably Sung by the Lambardi's.

LILT OF MUSIC IS  
FEATURE OF PIECE

Arrieta's "Marina" Is Programmed for This Evening's Performance.

Singers who have been overshadowed by the principals in the Lambardi opera company were given a chance to bid for popular favor in the airy and graceful music of Rossini's "Barber of Seville" at Idora park last night. The opera proved that Lambardi has assembled a troupe boasting not only some star singers, but a company with a groundwork of artists who cannot claim first place, but who are nevertheless deserving of high praise.

The performance last night, also demonstrated the versatility of the Lambardi singers. "Il Barbiere di Siviglia" is the first opera of the present season to fall outside the grand opera class in the stricter sense of the word. It is one of the great opera buffas, and demands different qualifications for success than those called for in the more serious work.

With the exception of Lidia Levy, the prima donna who has won the warmest place in the hearts of the music lovers of all the Lambardi singers, the cast last night was made up of those who have not been the most prominent in the preceding offerings of the company. Without exception they carried their work to a high mark of artistry.

WELL PORTRAYED.

Fluent and graceful, glib and witty, the music of this popular opera is the best Rossini ever wrote, and it has given great singers their chance before the public. Last night it presented Pietro Bugamelli with an opportunity for displaying his pleasing, baritone and his ability as a lively and clever buffa artist. Aristide Neri, who has played second fiddle in most of the operas thus far, held the spot light through several happily handled scenes, and Alceste Mori rendered the great "Calumnia" aria in a manner to bring forth a storm of applause.

Bugamelli scored first in the tripping cavatina, "Tanto tempo, tanto tempo, tanto tempo," and was heard to advantage in the concerted numbers. Adalgisa Glana made the most of her one opportunity in the "Il Vecchietto Cerca Moglie" aria. But the great success of this sparkling and merry opera last night was accorded Lidia Levy. She was at her best in the rippling melodies, and her coloratura soprano was given a wonderful opportunity in the florid romanza interpolated in the famous "Lento Lesson" scene. This was known variation by Heinrich Heine, made famous by the great prima donna, was never rendered with more grace and charm than was given it by Lidia Levy last night. She was recalled, and only refused a third call from the audience because of lack of time.

LACK OF HARM MARKED.

Francisco Albiach did not make an impression on the audience, and the romance of the love affair with Rosina failed of its full contrast with the comic love-making of Doctor Bartolo on this account. It is unfortunate that the Lambardi opera has not included a harpist in its company of instruments. Long passages of the Rossini opera depend upon the harp accompaniment to a remarkable degree, and the piano does not offer a satisfactory substitute.

A musical event of no mean importance is being planned for tonight by the North American premiere of "Marina," a romantic opera by the Spanish composer, Emilio Arrieta. Music lovers of the bay region have had the privilege in past years of passing first judgment for North America on several operas, and for the most part the judgment rendered here has been endorsed in the East.

"LA BOHEME" EVER POPULAR.

Fucini's "La Boheme" was given its first American performance at the old California theater by the Del Conte opera company many years ago, and was acclaimed by San Franciscans as an opera that would stand the test of time. "Andre Chener" was given its premiere at the old Tivoli in Eddy street, and the judgment then passed has not been reversed. Last night a first performance of Mascagni's "L'Amore Frigo" for this region and of "Chopin," an opera based upon the life of the composer. Both were well received, but did not meet with popular favor, which immediately brought the opera house to a halt.

Local music lovers will crowd the little opera house at Idora park tonight to listen to this continent. The opera is to be sung in Spanish, which makes another innovation. The bill promises an experience for the musical adventurer.

A Great Advantage to Working Men.

J. A. Maple, 125 S. 7th St., Steubenville, Ohio.

"For years I suffered from weak kidneys and I have been cured by the use of FOLEY KIDNEY PILLS and their wonderful cures, so I began taking them and sure enough I had as good results as any I heard about. My backache left me and to one of my business expressions, that alone is a great advantage. My kidneys acted free and normal, and that saved me a lot of misery. It is now a pleasure to work where I used to be a misery. FOLEY KIDNEY PILLS cured me and have my highest praise."

Dr. J. A. Maple, 125 S. 7th St., Steubenville, Ohio.

## OAKLAND CLUB TO HOLD ITS FIRST MEETING TOMORROW

MRS. CHARLES S. CHAMBERLAIN, president of Oakland Club, who has been studying women's organizations in different American cities.

Mrs. Charles S. Chamberlain, president of Oakland Club, will preside tomorrow at the first meeting of the organization for the season. Mrs. Chamberlain has spent nearly all of the past year and a half in traveling through the East and in the southern part of California, studying the work done by the leading women's clubs in every part of the country, and comes fully prepared to take up the leadership of the Oakland Club.

A linen loaning bureau is among the enterprises of the Oakland Club. Clean linen and towels are furnished to the sick among the poor. The section work will be popular this season and the programs planned will be worth while. The first luncheon of the club will be held September 20, and will be a brilliant affair socially. Mrs. Chamberlain has the co-operation of an excellent board, among whom are: Mrs. Sturtevant-Pett, Mrs. A. L. Frick, Mrs. F. W. Laufer, Mrs. G. W. Harrison, Mrs. Theresa Russell, Mrs. J. C. Potter, Mrs. E. I. Bartholomew, Mrs. George Samuels, Mrs. George R. Chambers.

## ALAMEDANS WIN HONORS AT FAIR

First Prize Taken by County and Many Others by Individuals.

Alameda county not only walked off with the first prize for the best exhibit made by any county at the State fair held last week in Sacramento, which entitles the county exhibition commission to an award of \$600, but its individual exhibitors carried off one of the longest lists of awards made by the judges at any of the State fairs.

That list is as follows:  
California Nursery—Best exhibit farm produce from one farm, first prize \$50; best mammoth rhubarb, first prize, \$20; best cauliflower, first prize, \$2; best tomatoes, first prize, \$2; best celery, first prize, \$2; best first prize, \$5; best cultivated nuts, 78 varieties, first prize, gold medal; Morse Seed company—Best exhibit of seeds, first prize, gold medal; best collection of ferns, first prize, \$10; best collection of hanging baskets with plants, first prize, \$10; best clover seed, first prize, \$3.  
Mulder Brothers—Best pickles in glass, first prize, diploma; best sauces in glass, first prize, diploma.  
I. V. Ralph Co.—Best flavoring extracts, first prize, silver medal; best spices, first prize, silver medal; best display of canned fruits, first prize, diploma.  
California Condensed Fruit Co.—Best display of canned fruit, first prize, diploma.  
O. N. Hirsch, dried fruit, first prize, silver medal and \$5.  
Sun Milling Co.—Best cereal food, first prize, silver medal.

C. N. Hirsch, 36 second prizes, 24 third prizes.  
Cypress Incubator company—Incubators and brooders, first prize, gold medal; poultry houses, first prize, \$5 cash.

## "THREE MEN IN A BOAT" COME TO GRIEF IN BAY

Three men returning from a sailboat trip to Point Richmond came to grief yesterday afternoon when their craft was swamped. They were knocked overboard by the swinging of a heavy boom which they were trying to control.

John Francisco was drowned, Joseph Lawrence was rescued after a hard struggle, and P. Francis, the third occupant of the boat, is none the worse for his adventure. They were rescued by a party which was about half a mile behind them. The three men were very near the Key Route pier when the fatality occurred.

## COMMITTEE OF WORKMEN DUE

To Discuss Situation With the International Presidents of Federation.

SAN FRANCISCO, Sept. 5.—According to the international officers of the unions who came to San Francisco last Wednesday to confer with Julius Kruttschnitt of the Harriman lines regarding the recognition of the Federation of Shipyard workers, the members of the general committee will begin to arrive tomorrow. They are coming to discuss the situation with the international presidents.

The labor leaders who wait the general committee are J. W. Kline, international president of the Blacksmiths' Union; J. A. Franklin, international president of the Boilermakers' Union; M. F. Ryan, general president of the Brotherhood of Carpenters and Joiners; and J. D. Buckalew, vice-president of the International Association of Machinists.

## MISTAKEN FOR BEAR AND SHOT.

PORT ANGELES, Wash., Sept. 5.—Henry McGuire, a hunter, was shot in the arm and crippled for life by his partner, Arthur Gwynn, who mistook him for a bear.

## Facts About Motherhood

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared to understand how to properly care for herself. Of course nearly every woman now, nowadays has medical treatment at the time of child-birth, but many approach the experience with an organism unfitted for the trial of strength, and when the strain is over her system has received a shock from which it is hard to recover.

Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results. There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, women will persist in going blindly to the trial. It isn't as though the experience came upon them unawares. They have ample time in which to prepare, but they, for the most part, trust to chance and pay the penalty.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy, and strong.

Any woman who would like special advice in regard to this matter is cordially invited to write to Mrs. Pinkham at Lynn, Mass. Her letter will be held in strict confidence.

## Hale's GOOD GOODS

Markets carefully searched, advantage taken of low buying prices, great orders placed for our five stores to gain price concessions—sample lines advantageously gained—all these things were important preliminaries to our great fall sale of blankets.

### Cotton Filled Comforts

Single bed size. Each.....95c  
Double bed size. Each.....1.10  
Finer qualities of comforts at, each.....1.39

Silkline Covered Comforter—Made of good grade of clean white cotton, covered with bordered silkline. An extra value at. 1.79

HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

# Society

**M**RS. C. C. CLAY and Miss Madeline Clay have just returned from a six weeks' stay at Shasta Springs. During the summer they enjoyed several motor trips in the northern part of the State and recently went by auto up into Oregon, visiting the points of scenic beauty in the Klamath region, and they are enthusiastic in their praise of the wonderful trip. Among the other prominent Oaklanders who have been to Shasta and are once more in town are Mrs. R. G. Brown, Mrs. Lillian Brown, Mrs. Florence Brown and Mrs. W. G. Palmanteer.

**MRS. PORTER HOSTESS.**  
One of the most interesting affairs of the early season was the elaborate tea at which Mrs. Ernest Porter presided yesterday at the Palace, making Mrs. Robert Littlefield the accomplished guest. For the past few weeks Mrs. Littlefield has been visiting her sister, Mrs. Harvey Toy, at the latter's attractive home in Alameda, and her presence has been the inspiration for a round of entertaining. Mrs. Littlefield is known throughout the State as a musician of note and during her stay here has appeared in concert and at numerous social affairs, where her singing has been an artistic feature.

**ELABORATE DINNER.**  
The Claremont County Club furnished an ideal setting for an elaborate dinner over which Mrs. Louis McDewitt presided graciously on Saturday evening. Covers were laid for a dozen and the table appointments were effective and artistic. Pink and maiden hair fern and pink tulle forming the center piece, while place cards and candelabra carried out the same color scheme. Mr. and Mrs. McDewitt will lead the Thursday golf tournament. They are to be accompanied by Miss Lillian Isaacs.

**MRS. CORSON ENTERTAINED.**  
Mrs. Julia Corson, a prominent society woman of Zanesville, Ohio, the guest of Mrs. W. T. Morton of Claremont and is being entertained in hospitable fashion. Mrs. Lillian Hayes is also a visitor at the Morton abode. Several interesting affairs are planned for Mrs. Corson's stay here. She will not return to her Eastern home until the latter part of the month. During the early days of their sojourn here they have enjoyed several trips about the bay and its environs and have been entertained at numerous small teas and theater parties. Their hostess, Mrs. Morton, is doing much to make pleasant her guest's stay. She has been a member of the Branch No. 1, Catholic Ladies' Aid Society, and is popular in club and social circles. Under her capable leadership much good is accomplished in a philanthropic way. She entertains frequently and has a wide circle of friends who will assist in making the visit of her house guests a delightful one.

**VISITING MOTHER.**  
Mrs. Marion Moon and her daughter, Mrs. Mary Moon, are guests of Mrs. Moon's mother, Mrs. Albert Miller. For several years they have made their home in Pasadena, but formerly resided in Oakland, where the family took an active part in the social life of the bay cities.

**CARD PARTY.**  
The hospitable home of Mrs. L. N. Snyder of Myrtle street was the scene of an enjoyable card party this afternoon when eight maidens and matrons gathered for a game of bridge. The affair was given to help swell the funds of the Charity Needle Club, an organization that meets frequently throughout the year at the homes of its members and sews dainty and useful articles which are disposed of at an annual sale and the funds are used for some worthy charity. Last year Mrs. Snyder was a prominent member, was generously remembered. The beneficiary for this season has not yet been decided upon.

**IN SEATTLE.**  
Mrs. Walter D. Reed, who has spent the past few weeks in Seattle, will return to her home in this city about September 11. Mrs. Reed is a former president of the West Oakland Home and is popular in club circles and in society.

**APPROACHING WEDDING.**  
A romance that had its beginning in the schoolroom five years ago will culminate in the wedding of the young people on Saturday, September 9, when George L. Dickson will claim as his bride Miss Mildred Kennedy.

**A Skin of Beauty is a Joy Forever.**  
DR. T. Felix Gouard's Oriental Cream or Magical Beautifier. Restores skin, removes wrinkles, blemishes, freckles, and all skin diseases. Cleanses, softens, and gives a healthy, glowing complexion. Accept no imitations. For sale by all druggists and Fancy Goods Stores in the United States, Canada and Europe. Write to T. HOPKINS, Prop., 37 Great Jones Street, New York.

## WOMEN IN THE NEWS

### YOUTH SLAYS GIRL AND TAKES HIS OWN LIFE

**N**EW YORK, Sept. 5.—Miss Catherine Van Wyck, the daughter of Albert Van Wyck of Brooklyn, was shot and killed last night at Quogue, Long Island, by William A. Childs, Jr., 20 years old, a son of William A. Childs, a millionaire, formerly of Englewood, N. J.

Young Childs was graduated in June last from Princeton university, and it is said, expected soon to join his father in Los Angeles. After the shooting of Miss Van Wyck the young man turned the revolver upon himself and inflicted a wound from which he died in less than an hour.

The cause of the shooting is believed to have been due to the young man's refusal to agree to marry Childs and accompany him to his future home in California.

The pair had been friends from childhood. There were eye witnesses to the shooting, but none heard what was passed between the couple, who were alone at the time. The tragedy occurred in Beach lane, within 100 feet of the Wyndhurst cottage, owned by the Van Wycks.

### "Sparkling Parlor" Idea

**HOBOKEN, N. J., Sept. 5.**—This city is to have a "sparkling parlor" following the suggestion made by Rev. Joseph D. Peters, pastor of the First Reformed church. Dr. Peters is down on the divorce, and as preventive means wants a large public room with a matron in charge, where young persons may gather to make love.

The need of a proper place for courtship, said the pastor, "has been responsible for many disastrous marriages. I believe. With a matron who sympathizes with the heart affairs of the young, such a place would do wonders toward shaping a courtship to a glorious end."

"It is human nature to love, and a way should be provided for those who are unable to make love to each other save in the streets."

### Subsidized Dance Hall

**CHICAGO, Sept. 5.**—The first subsidized dance hall in Chicago will be opened soon on West Madison street, near Halstead street. Chicago club women, sponsors for the movement, will rub elbows with waiters and waitresses who, largely patronize the present dance halls of the district. They even may meet their own maidens on a footing of social equality, for they have decided to give the dance their personal supervision.

### Mrs. Leslie Carter III

**NEW YORK, Sept. 5.**—Mrs. Leslie Carter has been confined to her home in New Rochelle since Sunday with serious illness, the exact nature of which could not be ascertained, owing to the temporary absence of her physician from the city, but it is said to be alarming. The operation will be performed today at the Murray Hill sanatorium. The star's physician, Dr. Grant of Darien, Conn., will be in attendance.

### Wife Fights Divorce

**STOCKTON, Sept. 5.**—When the trial of the divorce suit of Walter J. Pattee, a wealthy Acampo farmer, comes up his wife will make a vigorous fight against it. The original suit was brought by Pattee on July 28th, desertion being alleged.

Mrs. Pattee filed a cross complaint in which she alleges that with the consent of her husband she made a trip to Oregon to visit her relatives. While she was away, she says, her husband established Miss Eula Winslow, a domestic in the home, in apartments in San Francisco, and she has since lived with her. She therefore wants a divorce and a settlement with her husband, whose property is said to be worth \$50,000.

### Matron Resigns

**STANFORD UNIVERSITY, Sept. 5.**—Miss Shirley Hyatt, who was matron of Robie Hall, the women's dormitory, has resigned her position to accept a position as assistant in the physics department. Miss Hyatt's resignation is the result of a faculty ruling making it impossible for a member of the faculty to hold the position of matron.

During her two years as matron of Robie Hall Miss Hyatt has installed and perfected a system of student government by which the members are entirely self-governing. Mrs. L. E. R. Bartsch, Mrs. Olive Reed Cushman, Mrs. John R. Hunter, Mrs. Thomas Watson Cushing, Miss Carmen Ghirardelli, Mrs. Joseph Ghirardelli, Mrs. Mabel Porter Cate, Mrs. M. R. Porter, Mrs. George A. Warner, Miss Lind Newell, Mrs. Harry L. Parkman, Mrs. T. C. Mayon, Mrs. Nellie DePue, Mrs. Elmer E. Reed, Mrs. W. C. Morrow, Mrs. E. H. Mayon.

### Los Angeles Romance

**LOS ANGELES, Sept. 5.**—A pretty romance came to light when the announcement was made of the marriage in this city a few days ago of Miss Elaine Davis, a Native Daughter, and Arthur Jewett Trussell of New York, secretary of the Gould railroad system; director of three banks and two other railroads. No announcement of their engagement had been made for the simple reason that they never were engaged.

Miss Davis was born and reared at Santa Rosa. Six years ago, when 18, she made a trip East and met Trussell. He made love to her and she laughed at him, and came West to prepare for the stage. A year ago she came here to fill an engagement for a motion picture company. Trussell came here on business and met her by chance the day of his arrival. She took him seriously and they were quickly married.

### Afraid of All Men

**SAN FRANCISCO, Sept. 5.**—Confused and afraid of men, thinking they might do her harm, Miss Emily Bolivar of San Jose was picked up by State Patrolman J. Brown in the Ferry building last evening. She arrived from San Jose with a light suit case early in the evening prepared to go to the Fairmont hotel.

Seated herself comfortably in the Fairmont auto bus, she patiently waited for it to start, being its only occupant. Later on the arrival of a ferry boat several men entered the bus, and Miss Bolivar, in terror, bundled out with her suit case.

She went from one empty bus to another, jumping out in extreme terror every time a man would enter. This she kept up for two hours, when Patrolman Brown discovered her plight.

She told him that she wanted to go to the Fairmont or St. Francis hotel, but that she was afraid of all men. Taken to the Harbor police station, she told Lieutenant Dineen that she had been confined to the Garden City sanatorium at San Jose for six months by her relatives. She said she left there early in the day and wanted to take care of herself and, by traveling here, "show her folks" that she was perfectly able to care for herself.

She finally agreed to be taken to the Central station for the night, and the police will get in touch with her relatives at San Jose today.

## Think for Yourself

By LILLIAN RUSSELL

(Copyright: 1911: By Lillian Russell.)

**S**OMETIMES wonder if the majority of women really think for themselves or if they allow their opinions to be made for them. If we are to have universal feminine beauty we must first have universal feminine intelligence and universal feminine self-respect. Physical culturists, cosmetic makers, dressmakers and other people who are supposed to contribute to the adornment of women are constantly making improvements in their art, but they cannot provide beauty unless intelligence is within it. It is appalling, the measure of ignorance in woman's lack of consideration for her well being.

A woman will find herself yellow-skinned, heavy-eyed and uncomely. She does not want the truth that its repetition may be prevented; she only wants relief for the moment from the annoying ugliness. The trouble with the woman of today is her unwillingness or refusal to be educated in those primary facts of life that build for health, strength, beauty and moral supremacy. Knowledge is but half of intelligence, of which practice is the other half.

The wife of a prominent Washington official was talking to Mr. Wu Ting Fang when he was minister to this country. They discussed art, books and the current thought, when the lady said: "By the way, Mr. Wu, I have just finished Renan's 'Life of Christ.' Have you read it?"

"I have not, madam. What is it about?"

"O, it tells all that Christ taught the people and how he lived."

"Do you believe in Christ, madam?"

"Why certainly, Mr. Wu."

"And you practice what he taught?"

She flushed scarlet and did not answer. In his question is the secret of that which can only restore womanhood to rightful physical and moral strength, and that is putting knowledge into daily practice. If you believe in simple living, practice it. If you believe in fresh air and deep breathing, practice them. If you believe in exercise, practice it.

Remember, it is entertaining to know the ten commandments, but it is sublime to practice them.

**MISS A.** I am sending you by mail a dietary for reducing flesh and also my rolling exercise for reducing the hips. Soda and alum baths are supposed to be helpful in reducing flesh. Throw a handful of alum in ordinary water and soak into a tub of water and sit in it for about ten minutes. This is said to dissolve the globules of fat. Then when you get out of the tub use a rough Turkish towel and rub your flesh until it tingles all over.

**MRS. W.** Go to an electrolysis expert and have the mole removed with an electric needle. While a red scar will remain for a few weeks, it will gradually disappear, leaving no mark. If the mole stands out prominently from your face you may remove it by tying it closely as near to the root as possible with a "silk thread" and this ligature keeps the supply of nutriment, and in a few days the mole will shrivel, turn black, and so drop off, leaving no scar. Remember that you must not pick it or irritate it in any way.

**T. R.** To make a good liquid rouge, put an eighth of an ounce of pure eucalypti in an ounce of strong ammonia and let it stand three days, shaking several times. To this add half a pint of orange flower water and six drops of oil of neroli. Allow the lotion to stand well-corked for at least ten days so it will be well-colored. If you will apply it high up on the cheek bones, the tips of the ears and the chin, as well as directly on the cheeks, the effect will be natural. I am sending you by mail the recipe for a liquid powder which I sometimes use at night when wearing a décolleté gown or when I am on the stage. Liquid powder is not advisable to use constantly, but there are occasions when it is really needed. The oxide of zinc, if used too frequently, will in time ruin the finest skin in the world, leaving it flul and without the hue of health.

**GREENWOOD LAKE, N. J., Sept. 5.**—Sarah Methner, a summer visitor here, fell overboard at Stony Point, on the lake shore and was rescued from drowning by two boatmen. When she was placed on the shore she began to scream: "My rat! My rat!"

Her rescuers and companions thought her experience had made her delirious, but she persisted in her cries and pointed to the water. There was floating a "rat" Mrs. Methner wore in her hair. It was rescued and Mrs. Methner seized it eagerly.

Unwrapping the artificial headwear she revealed in its midst a rat. The sight of the money restored her.

An ounce of flattery goes farther with a woman than a pound of pity.

The man who weds a homely helress may consider her face his fortune.

### Hubby Spanked Her

**PHILADELPHIA, Sept. 5.**—"Judge, that man in the dock comes home every morning at 3 or 3 o'clock and because I don't receive him with open arms he turns me over his knee and spanks me just like you would a child," declared Mrs. George Baker, a pretty brunette, when she had her husband arraigned before Magistrate Beaton in the Central police station upon a charge of assault and battery.

"And, furthermore, judge, I am covered with black and blue marks all over my body."

"Mrs. Baker," said the attorney for her husband, "will you show the court the marks inflicted by your husband?"

Mrs. Baker rolled up her sleeves and showed the court a mark about the size of a dime and said: "And that's not all the marks I have, either."

Baker promised not to spank her any more, he was discharged.

### On Long Journey

**MILLER, S. D., Sept. 5.**—With four young children, the oldest about 12 years of age, driving in a one-seated dilapidated buggy, Mrs. Sarah Connor passed through here from Moose Jaw, Canada, en route to Wheeler, S. D.

A coop of chickens was in the buggy behind the seat, and the clothing and fixtures of the family filled the vehicle half way to the top. The woman and children had hardly room for themselves, and the feet of the children were thrust out of the sides and front.

The woman's husband died five months ago, and the failure of the crop, obliged the family to leave the homestead and begin the 1000-mile journey.

### BREUNER'S PURCHASE

**REIBER COMPANY**  
Oakland's Largest Decorative Furniture Company Closes Its Doors.

A. W. Reiber Co., 1807 Broadway, the well-known home decorators, located near the Key Route Inn, have sold their entire stock of draperies, curtains, upholstery, over-stuffed furniture and all fixtures, to the John Breuner Co.

This is the second large retail establishment that has been purchased this year by the John Breuner Co., and judging from the feast of bargains offered at the former sale, the people of Alameda county and bay district will have another opportunity to select choice furnishings at about half their former price.

**IN DOUBT**—Buttermilk will remove tan from the neck and arms if it is not too deeply burned in. Try this simple bleach for a time, and if it does not remove the tan effectually write me again inclosing self-addressed, stamped envelope with your note, and I shall send you a recipe for the French bleach, which will surely remove the discoloration if applied every day for several weeks.

**E. V.** It is possible for you to transform your unlovely neck, thin with ugly hollows under the collar bones, and yellow skin into one of pretty contour and white skin if you possess sufficient patience. Deep breathing and massage is the magic recipe. Under separate cover I am sending you instructions for a fine set of deep breathing exercises and a recipe for the skin food which I have used constantly for twenty years. I cannot emphasize too strongly what a beautifying influence deep breathing yields upon the hollows about the collar bones. It is sometimes difficult to get into these places for massage, but deep, full breathing swells out these ugly depressions. Make it a practice to breathe deeply at all times, but take regular exercise night and morning. I am a firm believer in the efficacy of massage for rounding out the throat. Start at the base of the throat and work upward and around, describing small circles, preliminary to massaging, wash the throat thoroughly with warm water and a mild soap. Remove all traces of the soap and then lay on a small towel or cloth, wrung out of warm water and lay about the neck.

**FOLEY'S KIDNEY REMEDY** (Liquid) is a great medicine of proven value for both acute and chronic kidney and bladder ailments. It is especially recommended to elderly people for its wonderful tonic and restorative qualities and the permanent relief and comfort it gives them. Wishart's Drug Store, corner 10th and Washington streets.

## WEDNESDAY SPECIALS

Beginning tomorrow, Wednesday and every Wednesday hereafter, until further notice, we will specially price some article of well-known quality at a few cents above cost.

These specials will be a departure from the ordinary in the shoe business and are simply advertising. YOU GET THE BENEFIT.

**WE ASK YOU, MR. CUSTOMER,** to take advantage of these specials, as they are an actual saving of from 20 to 25% and cannot be otherwise than satisfactory to you both in quality and price.

Our aim is to give you an absolutely reliable article every Wednesday at the lowest possible cost to you.

**Special for this Wednesday, Sept. 6, '11**

## U. S. SENATOR A. B. CUMMINS ASSAILS TAFT

## MEDIUM FAILS TO COME OUT OF TRANCE

Evil Spirit, Say Spiritualists; Paralysis, Declare the Physicians.

Mr. and Mrs. Lyman J. Gage Present When Seer Is Stricken.

SAN DIEGO, Sept. 5.—Held, it is claimed by local spiritualists, by an evil spirit, the astral body of J. H. Disler, a Los Angeles trumpet medium, is unable to recapture its mortal abode. The body of Disler, with the life flame burning feebly, according to physicians, is at a local sanatorium, where it was taken a week ago last Saturday after a seance held at the residence of Mr. and Mrs. G. H. Ballou of Coronado.

Present at the seance besides Disler and his wife were Mr. and Mrs. Ballou, Mrs. Lyman J. Gage, their daughter, Lyman J. Gage, former secretary of the United States treasury, and a few intimate friends.

## PARALYSIS, SAY DOCTORS.

Before going into the trance Disler had fasted for several days and on the day in question he broke the fast by eating a hearty meal. When he failed to come out of the trance he was removed to the sanatorium. Doctors declare he is suffering from a stroke of paralysis, caused by a blood clot on the brain. A consultation will be held this afternoon.

Mrs. Disler is quoted as saying that she is willing to have a "circle" formed for the purpose of releasing Disler's spirit from the power of the evil spirit which spiritualists say is holding it. The spiritualists, however, refuse to officiate unless Disler is removed from the sanatorium to one of their homes. So far the doctors have not countenanced the plan.

## SPIRITS AT WAR.

It is claimed that the seance was arranged at the home of the Ballous for the purpose of receiving a spirit message through Disler for one of those present. It is also alleged that the message was a warning to the person in question against a certain woman and that the evil spirit took a hand in the proceedings in time to prevent Disler's spirit from delivering the warning.

According to a local "druggist" doctor, Disler, after going into the trance, recovered partly a week ago and made the following statement:

"I am possessed with an evil spirit. I know what is the matter with me. I could only get my head together. I could get out of this and he all right. Then he lapsed back into the former comatose state. That he is near death the physicians at the sanatorium believe, and they stick by their diagnosis of paralysis."

Lyman J. Gage and a party of friends visited the sanatorium yesterday.

## LIQUOR LICENSE TRANSFERS GIVEN

After hearing petitions and protestants in saloon license matters this morning, the city council granted licenses named in the following report from License Inspector W. A. J. Francke:

Transfers—M. J. Gage and J. G. Raggio, 1551 Seventh street, successor to Vager & Borth.

J. Matheson and M. Guerin, southeast corner Twenty-ninth and San Pablo, successor to J. Matheson.

Removal of location—B. T. Connolly, southeast corner Eighth and Pine streets, from license issued Est. M. Connolly, 717 Willow street, corner Atlantic street.

Laid Over in Council—Giuseppe Gallo, northwest corner Forty-ninth and Broadway, removal from southwest corner Forty-ninth and Broadway. Protest filed.

WOMAN PRISONER PRESENTS PROBLEM  
FEDERAL AUTHORITIES TO PROSECUTE

RUTH HINMAN, who was arrested in this city yesterday by a United States secret service agent and the Oakland police on a charge of passing spurious \$5 gold pieces. Two of the woman's male companions were also arrested.

## Educated Girl Follows the Adversities of Former Convict and Counterfeiter

Ruth Hinman, the pretty Cuban girl, who claims to be the common law wife of ex-convict and alleged counterfeiter, George Hinman, was turned over by the Oakland police with her husband to the agents of the United States Secret Service. The police first came to know of her devotion to the man when they captured a gang of counterfeiters led by Hinman who were operating from an ark on the Sacramento river. The plant was discovered at that time and Hinman was sent to the penitentiary.

On advice from H. M. Moffatt, head of the northern district of the secret service, James C. Madgen, arrested at the same time as the two Hinmans, and believed at the time to be a confederate, was today released from custody, as the authorities have not sufficient evidence to make it worth while to prosecute him. Madgen was known to have been on terms of intimacy with the prisoners and has been with Hinman for several weeks since the release of the latter from the State Penitentiary four months ago. Nothing of an incriminating nature was found in his lodgings.

The police and secret service agents find in Ruth Hinman a problem of an unusual kind. The daughter of a Spanish physician, resident in Cuba, she is a young woman of good education who was given every advantage by her parents. She is about 25 years of age and is good looking.

Leaving her home she became the common-law wife of Hinman, and has followed the man's fortunes and adversities faithfully for the last four years or more. The police first came to know of her devotion to the man when they captured a gang of counterfeiters led by Hinman who were operating from an ark on the Sacramento river. The plant was discovered at that time and Hinman was sent to the penitentiary.

## ARRAIGNS THE PRESIDENT'S COURSE

Declares the Chief Executive Should Not Be Given Renomination.

The Insurgent Leader Prints a Lengthy Signed Statement in Chicago Paper.

CHICAGO, Sept. 5.—Summing up reasons for his opposition to the renomination of President Taft, Senator A. B. Cummins, in a signed statement printed in the Record-Herald today, says:

"My general conclusion is, therefore, that in every struggle which has taken place since Mr. Taft became President, on vital things, his allies and supporters have been senators and members of the House who, however, honestly they may be, are known from one border of the country to the other as reactionaries or standpatters and not progressives.

## NOT FOR TAFT.

"If the voters of the Republican party believe that the old leadership should be perpetuated they can find no better nominee than Mr. Taft. I do not believe it ought to be continued and therefore without any personal disparagement of the President I am hoping that a progressive Republican will be nominated and elected next year."

"His reason for this conclusion follows: It is to be understood that my opposition of Taft is based solely on his attitude toward public questions and my conviction that the nomination ought to nominate a candidate for President who will be strongest in the election."

## BILL OF PARTICULARS.

"1. By his position on the Payne-Aldrich tariff law.  
"2. By his position on the bill for the further regulation of interstate common carriers, brought forward about the first of the year 1910.  
"3. By his position on the change made in the postal savings law just as it was being passed in the Senate.  
"4. By his position on the proposed income tax law, which was sought to be incorporated into the Payne-Aldrich tariff.  
"5. By his position on the proposed disposition of our public domain.  
"6. By his position on the Canadian tariff bill passed at the extra session just closed.  
"7. By his work for the peace treaty.  
"8. By his vetoes of the resolution admitting New Mexico and Arizona as States.

## THE LINEUP.

"I shall content myself in the main with merely pointing out the line-up of the people the lineup on each of them."  
"1. The Payne-Aldrich tariff law. Mr. Taft's associates in the making of this law which he declared to be the best ever passed on the subject were Aldrich and his followers in the Senate, Mr. Payne, Mr. Dake, Mr. Cannon and their followers in the House. It seems that he did make the progressive view with respect to this measure.  
"2. The act amending and enlarging the interstate commerce law.  
"3. President Taft made legislation on the subject the prominent feature of the first regular session after he was inaugurated.

## THE RAILWAY BILL.

"Through his attorney-general he introduced to Congress a bill which was introduced in the Senate, referred to the committee on interstate commerce and reported back to the Senate precisely as the attorney-general wrote it as President Taft apparently believed it ought to be enacted.  
"If this bill had passed, as insisted on by the President, the work of nearly a quarter of a century would have been squandered and we would have taken a long step backward in the regulation of our railways.  
"The commission was put through the committee under the coercion of Mr. Aldrich and with his declaration that in a later or a line should be changed in it. It came to the Senate and was opened up for discussion. Many parts of it were so bad that they found no defenders, and such effort as was made to defend the administration bill was led by Mr. Aldrich and Mr. Elkins.

## BILL RECONSTRUCTED.

"It was reconstructed on the floor of the Senate by the progressives against the violent opposition of reactionaries who were acting for the President. I believe that people generally will agree with me that what was done to the measure Mr. Taft did not take the 'particular progressive view' of the subject.  
"3. Before the present administration came in a postal savings bill had been practically agreed on in the Senate. The fight which the progressives had made was to insure the deposit of the money put into the postoffices in the communities.

## CALLS IT BANK VICTORY.

"We had won out, but just as we were on the point of passing the bill President Taft vetoed it. The veto was based on that part of the bill, and everybody recognizes that the law as it was finally adopted, in that respect, was a victory for the great city banks and defeat for the small country banks. Again, the President was found in the company of the reactionaries and not with the progressives.  
"4. The progressives were exceedingly anxious to attach an income tax to the Payne-Aldrich tariff act.  
"We have good reason to believe that the President was with us in this effort, but at the moment when it seemed like-

## CORPORATION TAX.

"We have good reason to believe that the President was with us in this effort, but at the moment when it seemed like-

"We have good reason to believe that the President was with us in this effort, but at the moment when it seemed like-

"We have good reason to believe that the President was with us in this effort, but at the moment when it seemed like-

## MIND-READER TO GIVE PUBLIC EXHIBITION OF GREAT POWER

Carlton, the Magician, Blindfolded, Walks Chalk Line Through Rooms of Strange Building and Finds Hidden Article

S. Carlton, the English magician, a mind reader? Carlton claims to be able to discover that which is hidden from the eyes of ordinary men. He has the gift of second sight, according to a demonstration made today by him in the offices of the OAKLAND TRIBUNE before a committee of well known citizens. THE TRIBUNE proposes to give Carlton, who is at the Oakland Orpheum, a chance, to demonstrate in the presence of 20,000 or more Oakland citizens, whether he can successfully perform, in the open air and under the curious eyes of a great multitude, the same feat which he accomplished in the Tribune building at noon today.

## SCIENTISTS INTERESTED.

Scientists the world over are keenly interested in mind reading problems and they will all read with intense interest the results of Carlton's demonstration on the public streets of Oakland under the auspices of the OAKLAND TRIBUNE.

In THE TRIBUNE offices today at noon Mr. Carlton was blindfolded and then was allowed to hunt for an article which Mr. B. A. Forrester, treasurer of the Tribune Company, had securely hidden. Mr. Forrester first drew a chalk line through a dozen rooms of the Tribune building. This line wound in and out and was most difficult indeed to follow. Carlton, blindfolded so that his sight was absolutely shut off, followed this line clear to its end, with Mr. Forrester, directly at his back. In a group that attended Carlton were a number of prominent business men of Oakland who watched the proceedings very carefully.

## CARLTON TRIUMPHS.

Carlton triumphed! He traced the line to a desk in THE TRIBUNE office, rummaged through the drawers for a few seconds and then held aloft a match box which Mr. Forrester had carefully hidden. It was a remarkable demonstration of the power of mind over matter.

Next Saturday at noon Carlton will undertake a much more difficult feat on the public streets of Oakland. A committee of well known citizens to be chosen by THE TRIBUNE whose names will be announced tomorrow, will hide some article on the downtown streets. Carlton will be blindfolded at THE TRIBUNE office and at 12 o'clock will start the hunt for this hidden article. It will be absolutely impossible for him to have any knowledge as to where this article will be hidden. If he succeeds in finding it he will perform the feat purely by the exercise of some strange gift which he claims to possess. Twenty thousand people will watch Carlton attempt this feat. If he succeeds THE TRIBUNE will give him \$250 in gold. If he fails—well, that is another story.

THE TRIBUNE has arranged for this demonstration in the interest of that strange science called mind reading. The public of Oakland is invited to witness the demonstration and to carefully follow Carlton on his trip on Saturday at noon from the Tribune building, the point where the hidden article is to be located by the English mind reader. Remember the hour, 12 o'clock Saturday at noon.

## SUPERVISORS URGED TO FIX THE EXPOSITION TAX

Alameda Chamber of Commerce Wants Six Cents on Each \$100 Added for Panama Fair Exhibit

At the meeting of the Board of Supervisors this morning all the members were present.

A communication was received from William Walker, secretary of the Alameda county general exposition commission, to the effect that Alameda county had received the first prize of \$500 for its display of the exhibits of the products of this county at the State fair in Sacramento. Filed.

A communication was received from the Alameda Chamber of Commerce urging the Board of Supervisors to levy a tax of six cents on each \$100 of taxable property to enable a display of the products of Alameda county to be made at the Panama-Pacific Exposition. Filed.

A communication was received from John Burke of Livermore to the effect that his property bordering on the Mocho creek was damaged to the extent of \$400 by the turning of the flood water over the creek by the recently dug canal on the Mocho road. He wanted to know whether he could be reimbursed for his loss. The matter was referred to Supervisor Murphy.

## ADMIT RESPONSIBILITY.

A statement was filed by Ramos Brothers to the effect that they assumed all liability for any damage of whatever nature which might be caused by a consequence of their laying and operating a temporary track for three weeks between S. A. M. and S. A. M. each day, across the Mt. Eden road in front of the Ramos dryer. Filed.

A communication from the trustees of Union High School district No. 1, C. Hayward set forth that \$8500 would be required to conduct the school of that district during the ensuing year. Filed.

A resolution adopted by the supervisors of Contra Costa county on the matter of a road through that county and recommended to the department of engineering of the State that in building the proposed system of state highways a portion of such highway be constructed "so as to begin at the city of Oakland and end at the city of Contra Costa, by way of Richmond and in a general easterly direction to a point on the dividing line between Contra Costa and San Joaquin counties, at the town of Byron; and thence most practical route to the city of Stockton, thereby connecting the county seats of Alameda, Contra Costa and San Joaquin counties by the nearest practical route through the San Joaquin valley."

On the recommendation of County Surveyor Hamilton, the nearest-Crummey Company was paid \$1559.84 for work done on the Dublin-Hayward road.

The following change in the employees of the county infirmary were ratified: C. Jewell, nurses' diningroom waiter vice C. Gomes, \$25 per month.

A communication was received from the trustees of Union High school district to the effect that the school would require \$10,000 for its support during the ensuing year.

On the recommendation of County Surveyor Hamilton, the nearest-Crummey Company was paid \$1559.84 for work done on the Dublin-Hayward road.

The following change in the employees of the county infirmary were ratified: C. Jewell, nurses' diningroom waiter vice C. Gomes, \$25 per month.

## KAISER TAKES HIS FLEET TO SEA

Great Naval Armada of Germany Is Reviewed by the Emperor.

30 Crowded Excursion Boats Follow Imperial Yacht Among Warships.

KIEL, Germany, Sept. 5.—The great German naval fleet was reviewed by Emperor William in the harbor here this morning. Thousands of spectators observing the fleet as it would appear for action. The three newest battleships of the Ostfriesland type did not join the fleet for the review, as technically they are still undergoing trials. Though fully completed, these three 25,000-ton warships remained at anchor in the harbor and saluted the Emperor as he passed out of the bay to board the flagship Deutschland.

The sky at daybreak was covered with clouds and rain threatened to spoil the spectacle. Later the weather brightened and a fair view of the great armada was obtainable when the imperial yacht Hohenzollern, with the Emperor and his party on board, weighed anchor at 9 o'clock and steamed out to join the fleet. As the Hohenzollern proceeded down the bay a squadron of thirty crowded excursion steamers, which had waited at the outer lightship, fell in behind the imperial yacht.

The vessels of the fleet pulled up their anchors as the Emperor's yacht approached and steamed to meet the imperial reviewing party, every ship firing the imperial salute of 33 guns, and breaking out in a gay display of bunting. The warships passed the Hohenzollern seemingly in an endless column, the crews manning the ship and cheering when abreast of the reviewing Emperor.

Emperor William, after the review, transferred his flag to the battleship Deutschland and the fleet put to sea for maneuvers, to which the spectators are not admitted.

MAN RUN OVER. — Ben Thomas, 611 Howard street, 55 years old, was run down by an express wagon this morning at Third and Minna streets. He sustained a fractured knee. The driver of the wagon, who has not yet been located, drove away in a hurry leaving his victim writhing in agony upon the cobblestones.

## A Hat to fit Your Face

FROM

## CHIEF WILKIE IS UNEXPECTED GUEST

SAN FRANCISCO, Sept. 5.—John E. Wilkie, chief of the secret service of the Treasury Department, arrived in the new customs house yesterday most unexpectedly. He came down from Portland on the previous evening and as Chief Morfitt, collector of the customs, and Chief of the postoffice and his assistant, Joseph Slater, were in Oakland winding up a three days' pursuit after a gang of counterfeiters, they were unaware of the chief's arrival.

After a short visit in the customs house Chief Wilkie called upon Acting Collector William Hamilton and Chief Boarding Officer Charles H. Stephens and accompanied them to the steamer, where the visitor displayed great interest in the operation of the searching squad looking for opium.

Wilkie would not admit that he had a special reason for his visit other than he was making one of his regular administrative trips to this coast.

"No one need have any idea that there will be an upheaval as the result of my visit," said Wilkie. He admitted,

## GRAND JURY TO QUESTION BOYLE

SAN FRANCISCO, Sept. 5.—The grand jury tonight will continue its investigation of the conduct of municipal affairs by summoning Auditor Thomas F. Boyle. The investigation of the auditor's office follows the probe of the civil service commission.

Boyle has been instructed to appear before the jury and show his reason for verifying the salary warrants of those civil employees who, according to the evidence obtained by the grand jury, are holding their positions in municipal employ in violation of the charter.

however, that there might be a few transfers from this point to places where the agent would fit in better.

SAINT CAUGHT IN THE ACT. — Palmer Gordon was arrested last night by Patrolman George Richards while he was attempting to break into a rear door of a grocery store owned by J. Thompson, at 12 Valencia street.

He was charged with burglary.

He was charged with burglary.

## NEARLY MILLION IN COUNTY FUND

## Wheelmen Match Powell and Ritchie; Oaks Show Speed and Dash in Final Games

### WOLVERINES COME BACK AND TROUNCE DUCKS IN BOTH GAMES

Ben Henderson Is Easy Before Lunch, While Cap'n Harry's Homer Wins in Afternoon.

Mac got his yesterday. Out at Freeman Park in the morning Wolverton and his gang handed a crushing defeat to the Beavers, the score being 9 to 1, while over the bay Wolverton's bunch slapped it on and made it twice on the day with a 2-to-0 score. While thousands paid homage to labor, thousands paid homage to King Baseball out at the ball park and a rough estimate puts the crowd as being 10,000 strong.

Over the bay an equal number of fans and fannies again paid homage to King Baseball and it must be admitted that the fellows over the bay saw the best ball game of the two.

Out here at Freeman Park it was the \$20,000 beauty (?) that put on the spangles for Sir Walter against our old, reliable, plain, every-day, Tyler Christian, and Tyler made the "beauty" look like twenty cents. He simply out-pitched him at every angle of the game.

OAKS SCORE EARLY AND OFTEN

Oakland began to wallop the \$20,000 star right off the reel and when they were not clouting the ball Ben's team-mates were booting the pellet. But cutting out the booting Oakland had Benny beaten a body block for the lone tally Portland gathered wouldn't have won the game.

Our boys were the first to tally. Oakland gathered one in the first on a pass, two outs and Zacher's liner to left. In the second three more romped over because the Beavers went wrong and Henderson allowed Mize a bangle. In the third one more romped and in the sixth two hits and a lovely boot by Lindsay gave Oakland two more.

In the seventh and eighth they gathered one each again bringing it up to nine for the day.

Here's the count:

Portland	A. B. R. H. E. P. O. A. E.
Chapman	1 0 0 0 0 0 0 0 0
Lindsay	2 0 0 0 0 0 0 0 0
Ryan	1 0 0 0 0 0 0 0 0
Krueger	1 0 0 0 0 0 0 0 0
Shannon	1 0 0 0 0 0 0 0 0
Peckinpaugh	1 0 0 0 0 0 0 0 0
Kuhn	1 0 0 0 0 0 0 0 0
Henderson	1 0 0 0 0 0 0 0 0
Bradley	1 0 0 0 0 0 0 0 0
Berry	1 0 0 0 0 0 0 0 0
Zacher	1 0 0 0 0 0 0 0 0
Totals	11 0 0 0 0 0 0 0 0

Oakland

Oakland	A. B. R. H. E. P. O. A. E.
Patterson	1 0 0 0 0 0 0 0 0
Zacher	1 0 0 0 0 0 0 0 0
Chapman	1 0 0 0 0 0 0 0 0
Shannon	1 0 0 0 0 0 0 0 0
Peckinpaugh	1 0 0 0 0 0 0 0 0
Kuhn	1 0 0 0 0 0 0 0 0
Henderson	1 0 0 0 0 0 0 0 0
Bradley	1 0 0 0 0 0 0 0 0
Berry	1 0 0 0 0 0 0 0 0
Zacher	1 0 0 0 0 0 0 0 0
Totals	11 0 0 0 0 0 0 0 0

WOLVERTON GATHERS A HOMER

With every seat in the ball park over the bay occupied Finney sent the two fighting teams away with Harkness pitching for Portland and Bud Pernoll pitching for Oakland, and while Portland tatted Bud for twice as many bingles as did Oakland had Harkness claim told in the end.

It was a hummer of a ball game all right, and the way those Oaks played behind Pernoll was a treat. This lad Wares was all over the lot, scooping up apparent hits and winging men out at the initial bag or the play. In fact, one of his plays cut off a run at the first station and another play cut off a runner at the plate when he looked to have it beat a mile.

Neither side could do damage to the run column until the fourth

### ONE OF THE MANY EXCITING MOMENTS AT THE FRESHMEN - BARBARIAN FOOTBALL MATCH YESTERDAY.

### LANGFORD EXPECTS GO WITH JACK IF HE'S A WINNER

A Victory Over Jeannette May Lead to Battle for the World's Title.

NEW YORK, Sept. 4.—A bout with Johnson for the world's championship is the goal to which Sam Langford expects that his fight tonight with Joe Jeannette will lead him. So the Boston heavyweight is taking no chances. He has trained and beaten his way through a recent match and is a decided favorite to win. Jeannette, however, is expected to prove the hardest and Langford has had to crack during his progress toward a championship match.

The black fighters have met six times and the last four won by Sam at Boston, Los Angeles, and now they wind up the fight will be staged at Madison Square Garden and the promoters promise there will be no double play of the confusion and crowding that marred the recent Wells-Brown bout.

Oakland left shortly after the afternoon game for Los Angeles and today are battling with the crew that draw their pay checks from Kennerly Berry.

has been a most strenuous campaign that the Oaks have waged through during the last four weeks and their work has been of the highest standard.

First they take McCredie down the line and beat him four out of six on his own grounds. Then they took Hogan and beat him four out of seven, with one a tie on his own ball park. Next they trounced Los Angeles and now they wind up with another series from the Beavers. The one just closed was a five to four victory, but by all that is fair in baseball should have been six to three victory for Oakland. Hoffman was not out at first base in the morning game at Oakland to the minds of thousands, and Ryan was out on that double play Thursday. That Thursday game was ours, and on Sunday morning the score should have been six to three.

The series are over with now and all should be forgotten and every man, woman and child who thinks the Oaks the best club of the league should be out with the big boost and the strong pull for the Wolverines to keep up the brilliant work of the last four weeks.

Opinions are divided as to whether Harry Hoffman intended to strike Umpire Finney last Sunday morning at Freeman Park. Some contend that Hoffman raised his arm to pat the ump, while others maintain that he was merely waving his arms wildly and that Wares made a mistake in grabbing Hoffman's arm, for he gave the impression that Hoffman was about to strike.

The president of the league was at the ball park and took the initiative that Sunday baseball in Oakland. With the president we take issue and kill on record now as saying that Hoffman's offense should in no wise be any more severe than that of McCredie or O'Rourke.

Both these men have from time to time used foul language on the ball field, and say this much: If he was the rowdy and attempted to assault the umpire, then he should be punished, but his punishment should be no more severe than that of McCredie or O'Rourke.

### GOTCH FINDS IT EASY TO THROW RUSSIAN CHAMPION

CHICAGO, Sept. 5.—The geographical center of the wrestling world was more than ever fortified at Humboldt, Iowa, the home of Frank Gotch, yesterday.

Moreover, Referee Edward W. Smith, who proclaimed the world's champion victor over George Hackenschmidt in two straight, quick falls, declared that for the next ten years there would be no strife of the wrestling capital, unless Gotch should choose to change his place of residence.

The Russian's showing was pitiful. The crowd decreed that he had "quit," but the defeated champion, through capricious tears, avowed that he had entered the arena with a wrenched knee, on which Gotch worked and speedily reduced him to an almost helpless state.

While it took Gotch fourteen minutes and eighteen and one-half seconds to gain the first fall, the second fall required only five minutes and thirty-two and one-half seconds, which Hackenschmidt's friends assert proves that his knee was in bad condition.

Maybe it is an old subject, but one cannot help touching on it occasionally. This fellow O'Rourke and his talk about the Oaks with the Senators for the last four weeks.

Of twenty-nine games played Oakland has won sixteen, lost ten and tied one. Of the O'Rourke victories have been in games they have played they have won but two. Eleven of these defeats were in a row.

San Francisco is back home after one of the most disastrous road trips in the history of the team. For thirteen games they failed to score a victory and then gathered a victory but twice out of fifteen games played.

In the face of all of this, one might find an excuse for the downfall of the Oaks, Barring a poor manager, the team has been beset with injuries and many of the team's best players have been out of the line with various complaints. It is now too late to consider San Francisco as a pennant contender, but with an even break they are still able to give a good account of themselves.

Clyde Wares is playing the best game of his career right now in the league and his work is particularly good. Yesterday afternoon in the seventh inning when things were going bad for Pernoll and he was out, he crossed the diamond and killed off a runner at the plate.

It is a shame that the Oaks for Peckinpaugh, the runner, was out, but only by a hair at that.

Of the four jobs in the hit column that Oakland gathered, two came off the big chieftain. In the second inning Harry Wallep one to center that Krueger made a great stop of, but the fourth no one could stop that wallop.

### BLOOMER GIRLS GIVE MOOSE TEAM HARD RUB FOR GAME

The Bloomer Lassies Show Plenty of Cleverness in the National Game.

The fast baseball team of the Loyal Order of Moose defeated the unique Bloomer Girls' team by the score of 5 to 1 in an interesting 11 inning game played at Freeman's Park yesterday afternoon. The feature of the game was the twirling of Bessie Waddell for the Bloomer girls who struck out nine of the Moose team including the first two men up.

McCordie of the Moose team, although playing with a bad ankle, caught a splendid game and made three hits. A large crowd was on hand at the game, and most of those present rooted for the Bloomer girls.

In the first inning, after striking out the first batter, Pitcher Bessie Waddell was scored by McCordie's scorching home run. The Bloomer girls then struck out the first two men up, but failed to score, the runners being caught at the plate.

In the first half of the third, the Moose players scored three runs on error and hits. Taylor hit out a single and McCordie also singled. A couple of walks and errors netting the three runs.

With the bases loaded in the last of the third, Myers of the Boston team scored a two-bagger bringing in two runs. The fourth-inning was featured by a sensational one-bagger by Bessie Waddell, the star pitcher of the Bloomer team, who scored two runs.

A walk and a two-bagger in the fifth gave the girls another run, and set the large crowd wild with excitement. The Bloomer girls filled the bags but failed to score, the runners being caught at the plate.

Finally, in the first of the 11th inning, hits by Castro and Duere and errors by the Bloomer girls gave two runs to the Moose team, winning the game. The girls made a strong attempt to tie the score in the half-inning, but runners on first and second and two down Mathewson went out on an infield hit.

The Boston Bloomer Girls will play the Emeryville Stars at the Emeryville ball grounds this afternoon.

Following are the players:

Bloomer Girls—L. Matthews 3b, W. Beasley 2b, F. Hogan 1b, Della 3b, Margaret Meyers cf, Maggie Burke rf, Emma 1b, Erma Daggett ss, Bessie Waddell p.

Three base hit—McCordie. Two base hits—Myers (2), Matthews. First base on called balls—Off Waddell 4, off Jenkins 6. Hit by pitcher—Morrison by Waddell, Hogan and Meyers by Waddell. Balls—McCordie (2), Hogan (1), Wild pitch—Waddell. Umpire—Baumgardner and Murdoch. Score—Moose 5, Bloomer Girls 1.

### CALLS OFF ALL BETS ON BIG WRESTLING CONTEST

CHICAGO, Sept. 5.—Calling off all bets on the Gotch-Hackenschmidt wrestling match yesterday has raised a storm of protests by those who had money up on the winner. Herman F. Schuetler, assistant chief of police, last night explained the action by saying that such procedure is customary. An added reason, he said, is that the police are determined to stamp out gambling in the city.

"Referee Smith," Schuetler explained, "proposed that the bets be called off. His reason was that in case the match turned out to be a poor one, as it did, there would be a tremendous squawk" from the bettors and that wrestling would receive a serious setback in Chicago.

"You understand, it is quite customary to call bets off in event of this kind. It has little effect, as the bettors will back their opinions regardless of the announcement."

"One more fiasco like this and wrestling is a dead card in Chicago."

### POMEROY ISSUES DEFI TO FREEMAN FOR SWIM

Walter Pomeroy, the Olympic Club swimmer, who established a record for swimming the Golden Gate a month ago, yesterday stated that if the time given out as having been made by E. A. Freeman on Sunday was correct he would like to arrange a race with the swimmer who is reported to have made the swim in 23 minutes. Pomeroy starts for California this evening, accompanied by R. McWood, to represent the Olympic Club in the Pacific Coast swimming championships at Redondo Beach next Friday and Saturday. McWood will swim the 50 yards, 100 yards and 200 yards. Pomeroy will swim in the quarter and half mile events.

### JOHN KILBANE WINS FROM RIVERS IN SIXTEENTH

LOS ANGELES, Sept. 5.—Losing a right-hand wallop which no one has suspected he possessed, Johnny Kilbane of Cleveland sprang a sensation on fight followers by knocking out Joe Rivers of Los Angeles in the sixteenth round of their scheduled twenty-round fight at Vernon arena. This was the Cleveland boy's second chance to put the Mexican out of the running for Attell's title, and he did it in decisive style.

### BASEBALL PRACTICE IS ON AT STANFORD

STANFORD UNIVERSITY, Sept. 5.—Fall baseball practice will be held three times a week and games with outside teams each Saturday. Captain S. W. Gilman announced today. A meeting of all baseball men has been called for Thursday, Monday, Wednesday and Friday afternoons will be devoted to practice on the new diamond. Work on the new variety diamond is now complete and good turf should cover it by string. A contractor's delay on the new tennis courts has held up their completion, but the athletic facilities of the university should be finished by the end of the week.

### STRICKLETT PITCHES NO-HIT, NO-RUN GAME

STOCKTON, Sept. 5.—Elmer Stricklett pitched a no-hit, no-run game yesterday, with the result that Modesto was shut out while Stockton put two men around the bases off Mobley's delivery doing the business when hits were needed. A big crowd saw the game.

### WHEELMEN SIGN UP LEW POWELL AND W. RITCHIE

Clever Lightweights Will Box Ten Rounds Sept. 13; Winner to Meet Baldwin.

The matchmaker of the Oakland Wheelmen's Club expects to present a card to the fans on the 13th of the month that will please all around. Lew Powell has his name to a contract and so has Willie Ritchie for a ten-round bout on that date. Besides this there will be three or four curtain-raisers between lesser lights of the roped arena, but of such caliber that the fans will be well satisfied.

The match between Powell and Ritchie will be watched with much interest for the winner will be matched, no doubt, with Jack Britton, who recently gave McFarland a trouncing. Then the winner of this match will be matched with Matty Baldwin, before Milton Clark's club over the bay.

The matchmaker of the Wheelmen's club has offered Frankie Burns a match with Powell or Ritchie, but as yet Burns has not given an answer. The fans of Oakland think that Burns is unfair in not signing up with the Wheelmen, for it was in Oakland that Frankie got his start in the pugilistic world, and the fans think they are entitled to see him work before the San Francisco fans.

JOE THOMAS HURTS HIMSELF.

Joe Thomas, the California middleweight, is in a bad luck. While conditioning himself for his bout with George yesterday at Al White's place he severely wrenched his arm and is

### MEN

Why pay a large fee to be treated with "608" when I will treat you for less than one-half the cost? I am usually charged by other physicians \$35.00 for a course of treatment. My fee is \$10.00.

I have personally administered "608" to many men, and I can make you well and strong. I have a full supply of "608" on hand, made in the German laboratories, and imported in the original tubes. I make all required blood tests and am thoroughly conversant with the technique of preparing and administering the treatment, which I will gladly explain to all.

I am the only physician advertising in the city who has specially equipped rooms for the administration of "608".

NOTE—I ADMINISTER "608" TO WOMEN AND CHILDREN.

Personal attention is given to every case and you are guaranteed a cure if I accept your case.

DR. J. C. LEE

1008 Broadway, Oakland, Cal.

STANFORD UNIVERSITY, Sept. 5.—Fall baseball practice will be held three times a week and games with outside teams each Saturday. Captain S. W. Gilman announced today. A meeting of all baseball men has been called for Thursday, Monday, Wednesday and Friday afternoons will be devoted to practice on the new diamond. Work on the new variety diamond is now complete and good turf should cover it by string. A contractor's delay on the new tennis courts has held up their completion, but the athletic facilities of the university should be finished by the end of the week.

RAIN PREVENTS PORTLAND RACES.

PORTLAND, Ore., Sept. 5.—Rain and a muddy track prevented the harness races being run at the country club track yesterday. Four running events marked the opening of the racing season in this territory.

### U. C. FRESHMEN DEFEAT BARBARIANS IN FAST STYLE

California Boys Show to Good Advantage Against More Experienced Opponents.

While the freshmen Rugby fifteen of the University of California was defeated by the Barbarian Club team at California Field yesterday afternoon by a score of 11 to 5, the 1911 men played better football by far than either of the Berkeley teams that were defeated by Berkeley High and the John C. Fremont High last Saturday. The freshmen lineup yesterday represented to a large extent the players who had shown to advantage in the double-header.

Outplayed in the first half the blue and gold babies, after a lecture from Head Coach Schaeffer, the freshmen started off with a whirlwind rush in the second half and pressed the Barbs closely. The freshmen scored their five points in the second half, while the Barbs were unable to add to their total.

Three tries, one conversion, one converted, gave the Barbs their eleven points. Young, a recent arrival from New Zealand, who lived up to his reputation as a player of ability, dashed across the line for the first try after receiving the ball from Tufts, who made a neat pass. McElrath kicked a pretty goal, making the score 5 to 0.

Turner scored the second try for the clubmen. Sands led a dribbling rush from the forty-yard line to within a few yards of the freshmen goal line when he scooped up the leather and went over for a try. McElrath failed at the goal.

At this point of the game the Barbs were decidedly outplaying the freshmen, and the play was dangerous near the freshmen goal. McElrath was given a chance at a free kick, but missed the post by a considerable margin. The young went over for the third try. He obtained a clean pass from Goff, and dodging several freshmen tacklers, succeeded in crossing over. McElrath failed to convert.

Reinforced by a number of new men, the second half the freshmen improved greatly in their play and the Barbs, who had matters nearly all their own way in the first period found themselves being outplayed by their younger opponents.

The freshmen backfield division passed well, and the forwards were on their toes continually.

Driver, the star player from Redlands High School, blocked a kick, and followed up the ball, which rolled over the line. Driver was on the ball in part of the play and scored a try. Fentemacher kicked the goal. Score, 11 to 5.

The lineup:

Barbarians—Foulkner, full; Tufts, McElrath, halfback; Brown, Bradbury, Young, Goff, halfback; Brown, Bradbury, Scott, Bartlett, Deusham, Gibson, Mulcahy, forward; Sands, forward.

Freshmen—Foulkner, full; Willard, Dawson, McKim, three-quarter; Hatch, halfback; Beck, Young, Meyer, Driver, Clifton, halfback; Stanton, Newell, Parker, Clifton, halfback; Fisher, Coolidge, Blades, Doyle, Miller, forward; Vassar, Fisher, Door and Miller, forward.

Hayes Defeats Larsen

CLEVELAND, Sept. 5.—Grover Hayes of Columbus, O., defeated Larsen of Chicago in a 10-round bout which started, but which was outclassed from the start, but which enabled him to remain until the end.

Hogan Knocks Out Evans

NEWPORT, R. I., Sept. 5.—"One-Round" Hogan of California knocked out Young Evans in the fourth round of a 12-round bout here yesterday. The match was held in the open air, compelled to cancel his engagement for the time being.

The trench at that is not so bad that it will put him out of business, but Dr. J. Lee says that it is best that Thomas lay off from training for a few days and wait awhile before he tries to don the gloves.

CHICAGO, Sept. 5.—Heavy selling of wheat here developed today when the market advanced an advance following a rise in prices at Liverpool and London. The market was prompted to take profits. It was reasoned that the action of the British market was due to a realization that the Russian crop was small. Besides, traders here were more disposed to follow the lead of Berlin, where a decided drop in wheat prices was noted. The result was the amount of wheat on ocean passage here greatly reduced, however, tended to maintain the market. The Russian crop, however, returns in Russia continued unsatisfactory, even in the Black Sea districts. Opening prices were 44 1/2¢ higher, but closed at 45 1/2¢. The market gained a gain of 1/4¢ to 1/2¢, but staged around 60 1/2¢ to 61 1/2¢. The market was steady, but a decline followed. The close was steady, with December 56¢ down at 55¢.

Barley weather gave corn a setback and bid the barley character. December opened at 44 1/2¢ higher at 45 1/2¢, but declined to 44 1/2¢.

The market declined further owing to reports from the country and a decline in offers to resell. The close was steady at 63 1/2¢ for December, a net loss of 5¢.

[illegible]

some ascent, owing to the unusual strength of other grains. December started  $\$4\frac{1}{2}$  higher at 40 $\frac{1}{2}$ @47c, and fell to 46 $\frac{1}{2}$ c. Realizing on the part of buyers eased provisions until first sales were 12 $\frac{1}{2}$ c off to 100 $\frac{1}{2}$  lbs. and, with January delivery \$18.50 for pork, \$9.35@47 $\frac{1}{2}$ c for lard and \$8.50@9.55 for ribs. The closing quotations were as follows:

Wheat—September, 80 $\frac{1}{2}$ @90 $\frac{1}{2}$ c; December, 80 $\frac{1}{2}$ @84 $\frac{1}{2}$ c; May, \$1.01 $\frac{1}{2}$ @1.01 $\frac{1}{2}$ c.  
Corn—September, 85 $\frac{1}{2}$ c; December, 63 $\frac{1}{2}$ @64 $\frac{1}{2}$ c; May, 65 $\frac{1}{2}$ c.  
Oats—September, 42 $\frac{1}{2}$ c; December, 45 $\frac{1}{2}$ @46 $\frac{1}{2}$ c.

after rose gradually, but trading became quieter as the market moved up. The price recovered a bit, and Union Pacific, Reading, Erie and Ohio and Erie, New York Central and United States Steel, the latter two of the inactive railroads and Industrials were about the same. Stocks of the inactive opened off 3 points.

Speculation underwent a change for the better and there was a notable rise in prices all around. Union Pacific sold 12 points above the lowest of the former day.

Reading, Southern Pacific, Atchison, Chesapeake and Ohio, Erie, New York Central, Northern Pacific, United States Steel, Pennsylvania Copper and American Smelting 1 to 1 1/2 points.

figures. American Tobacco preferred jumped 1 1/2 points.

The market closed strong. The most significant movement of the day occurred in the final hour, when the price of Union Pacific advanced to the best figures of the season. Covering was done in the last hour.

Advance. Union Pacific was lifted 2 points above last week's close, American Smelting and American Copper rose 1 point and Erie rose generally a point or more. Canadian Pacific reduced 1/2 point to a small fraction.

Bonds were steady.

## Hair Help

Ayer's Hair Vigor has no effect whatever upon the color of the hair. It cannot possibly change the color in any way. But it promptly stops falling hair, and greatly promotes growth. Ask your doctor first. J. C. Ayer & Co., Lowell, Mass.

### SAVED FROM DISMISSAL.

WASHINGTON, Sept. 5.—President Taft has commuted the court-martial sentence of dismissal in the case of Lieut. Robert G. Rutherford of the Twenty-fourth Infantry to a loss of fifty numbers in rank. Lieutenant Rutherford was tried on charges of financial irregularities at Madison Barracks, N. Y. The disposition of the case by the President will permit the War Department to promote a large number of officers in accordance with the extra officers act.

### CHOLERA INVADES BELGIUM

GHEENT, Belgium, Sept. 5.—Two fatal cases of cholera were reported at Meirelbeke, near here.

## AT 72 MARRIES WOMAN AGED 68

Retired Contractor of Oakland Says He's Tired of Living in Hotels.

SACRAMENTO, Sept. 5.—A romance of a hotel lobby has culminated in the marriage of Robert Chapman, a retired Oakland business man, 72 years old, and Mrs. Sarah A. Hutchinson, who was general assistant in the State Library for eleven years, and who is 68 years old. The bride has two grandchildren, the eldest of whom is 19 years. The bridegroom has six grandchildren. Four of Chapman's married sons and daughters live in Oakland. A grown son, unmarried, lives in Reno, Nev.

### LICENSE SECURED.

Through the efforts of Mrs. Hutchinson, "Cupid" Prior made a night visit to the county clerk's office and issued a license, and Chapman and Mrs. Hutchinson, after attending church, were married on Sunday night by the Rev. S. Fraser Langford, pastor of the First Baptist church.

After the ceremony, Mr. and Mrs. Chapman went to an ice cream parlor for their bridal supper.

On entering the lobby of Hotel Land, which has been Mrs. Hutchinson-Chapman's home for thirteen years, they were showered with rice by the guests.

John Batchelor, 35 years old, was master of ceremonies, being assisted by James J. O'Connell, C. W. Mount, James Evans and Mr. and Mrs. Engle.

### FRISKY BUT OLD.

Batchelor explained afterwards that he had slipped away from his wife to arrange the "jinks," and that he was afraid to tell his wife for fear that she would chide him for indulging in such youthful capers, which included turning the key on the bride and bridegroom in the wrong room. "My courtship began in the hotel lobby," said Chapman, "where I was introduced to Mrs. Hutchinson just before Christmas. When I went to Los Angeles we corresponded, and when I returned we just naturally decided to get married."

"I was married to my first wife for forty years, and I wanted a home. So did Mrs. Hutchinson. We both were pretty tired of living around hotels."

### RETIRED CONTRACTOR.

Robert Chapman is a retired painting contractor and has been living in Reno, Nev. He came to Oakland last week to visit his son, H. P. Chapman, who lives at 490 Thirty-seventh street.

Sunday morning he took the train for Sacramento. His relatives in Oakland had no idea of Chapman's plans and do not know the bride.

Chapman's first wife died several years ago and he has a son, H. P. Chapman, he has a daughter, Mrs. A. Morrison, and a nephew and grandson living in Oakland.

## TWO CHILDREN KILLED IN EXPLOSION OF OIL

PASADENA, Sept. 5.—Two children are dead, one other is expected to die and a fourth is seriously burned as the result of an attempt by the oldest to light a fire with kerosene.

The dead: Lillian Vasquez, 6; Fred Vasquez, 2; Lillian's brother.

The injured: Amelia Vasquez, 1; Beatrice Salcido, 11.

The attempt was made in the home of Frank Vasquez, whose wife, the mother of three of the victims, was absent nursing a sick relative. The daughter of the latter, Beatrice Salcido, had been left in charge of the smaller children and it was while she was preparing to cook them a lunch that the explosion occurred.

## DROWNS IN ATTEMPT TO SWIM THE MERCED

FRESNO, Sept. 5.—Mrs. Milla A. Polkinghorne of this city has received news that her husband, E. Polkinghorne, was drowned some time Sunday in an attempt to swim the Merced river below the falls. Polkinghorne, who had been an employee of the Yosemite Lumber Company, attempted to cross the river, which is 600 feet wide and when about half way saw that the current was too swift for him. He started back, but was unable to reach shore.

Check a cough or cold in the lungs before it develops a serious case. BAL-LARD'S HOREHOUND EXTRACT is an effective remedy for all soreness or congestion in the lungs or air passages. Price 25c, 50c and \$1.00 per bottle. Sold by Wishart's Drug Store, 1001 Washington street.

### BURNS TO DEATH.

KESWICK, Sept. 5.—Eugene Brunello was burned to death yesterday as he slept in his cabin. D. Parachini escaped in his night clothes.

Both men, tired out, had returned early in the evening from a fishing party where they attended the funeral of Santo Piccolo, who was scalded to death here last Friday.

### S. P. Makes Excursion Rates to Stockton for San Joaquin County Fair and Stock Show.

Commencing September 11 to 17, round-trip excursion tickets will be on sale from Oakland, San Francisco, Sacramento, Fresno and intermediate, including branch line points to Stockton and return at one fare and one-third for the round trip, final return limit September 18. Ask any Southern Pacific agent or Broadway and Thirteenth streets, Oakland, for further information.

### HAIL DESTROYS CROPS.

CHEYENNE, Wyo., Sept. 5.—Horse creek reports a storm which left half four feet deep over a wide area. At the foot of Round Top mountain it is said to be six feet deep. Crops are destroyed for a radius of twenty miles and stock was killed by frost, while the damage from the wind is enormous.

### Theosophical Literature

THE THEOSOPHICAL PATH (illustrated monthly), edited by Katherine Tingley; Theosophical Manuals and other Theosophical literature of the UNIVERSAL BROTHERHOOD AND THEOSOPHICAL SOCIETY, Point Loma, California, now on sale by Smith Bros., 462 13th street, Oakland, and by A. M. Robertson, 222 Stockton street, San Francisco.

LA AMITA WORLD'S FINEST 12½ CIGARETTES

## BABY ELEPHANT IN BIG CIRCUS

One of the Features of Ringling Brothers' Great Show; Coming Here.

The smallest elephant in the world, a tiny creature that looks like a toy, is one of the features of Ringling Brothers' menagerie this year. It is a baby and an abnormally small baby at that, though it is perfectly formed and as healthy as can be. It is exhibited on a raised platform so that it can be readily seen even though the menagerie be crowded. It is so small that a child can carry it.

The Ringlings also have a remarkably interesting family of giraffes. This curious animal is becoming more of a rarity each year and it will not be long before they will become extinct.

The giraffe has no vocal organs and can utter no sound. It can go longer than a camel without food and water. In fact it prefers at times to go for days without water, getting its moisture from the damp mosses on the trunk of the acacia trees. Giraffes are found in the forest belt that hugs the equator in Africa. Hunters have driven them so far into the impenetrable jungle that only occasionally is one found. There is great danger of killing them in trying to capture them, and of those that are shipped the majority die on the sea voyage. So it may be seen why this strange animal is missing from most of the city zoos.

Another attractive exhibit in the animal department is an elephant which on April 3 celebrated its 214th birthday. Washington was still president of the United States when the animal started in the show business in London. It was then 100 years old. There are thirty-nine more elephants to look at. Among them are the big Indian specimens, the umbrella-eared African beasts and various other varieties.

This is the circus of a thousand wonders. It is filled with novelties which begin to present themselves when the forenoon parade passes through the streets. Here are found camels, zebras, llamas, elephants and deer, driven in teams like horses. Among the groups of trained animals are the wonderful Schuman horses, from Albert Schuman's German circus. There are also fifteen telephoning elephants just imported from Europe and Prof. Emory's company of baby elephant actors, the cleverest and most amusing group of animals ever exploited in America. There are pigs that shoot the chutes, monkeys that skip the rope and wait to music, a baboon that is an accomplished jockey and a marvelous dog that is a better somersault rider than any man who ever lived.

Never before has Ringling Brothers' circus offered such an attractive program as this year. Its talent is all European and of the 375 performers scarcely a score have ever been seen in this country until this season. The big circus will give two performances in Oakland on Thursday, September 7.

## OAKLAND'S BOYS AND GIRLS

### 15-YEAR-OLD BOY IS STAR TWIRLER

### RENE CAMES, juvenile pitcher for the Breuner baseball team.

Rene Cames, the 15-year-old pitcher for the Breuner baseball team, did fast work in the game with the Pennant Stars, who were defeated by the Breuners last Sunday.

The young athletes of both teams have distinguished themselves in the games of the past season and are rapidly coming to the front as ball-players.

Cames has been playing ball for the past five years and is said to be the youngest pitcher on the coast. He has been the mascot for many teams.

### Basketball Team to Revive Games

Inter-school basketball games will be revived at the Horton school, Twelfth and Gilbert streets, at the opening of the athletic season. Miss Mary Shafter, who organized the first team in the school, will coach the young women. Many successful games were played last year. The girls are confident that they will add to their laurels this term.

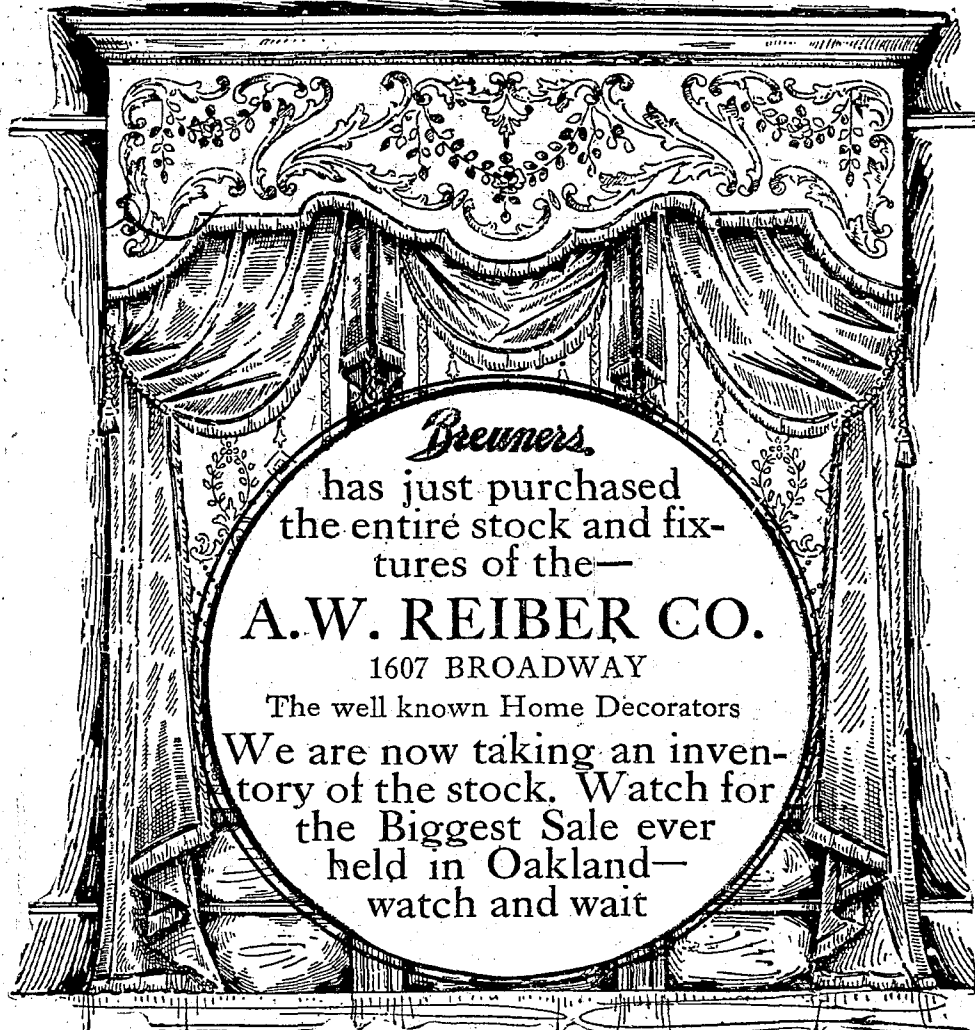

"There is splendid material in the school for an excellent team," said Miss Shafter, "although a number of the best players in the squad were graduated from the school in June."

The Gilbert dancing, which has created much enthusiasm in the school, will be continued throughout the entire term. Miss Shafter announced that she would also resume her classes in folk dancing for the younger boys and girls.

### SHIP'S OFFICERS EXONERATED.

VICTORIA, B. C., Sept. 5.—Advices from Yokohama say a marine court has exonerated Captain Archibald Grant, the officer in command of the Empress of China, wrecked July 26, off Awa peninsula, finding the steamer was eighteen miles out of her course as a result of extraordinary currents following the typhoon of the previous day.

## Swissco Hair Remedy FREE

Grows Hair, Brings Back Original Color to Gray or Faded Hair and Stops Dandruff and Scalp Diseases. 25c Bottle Free to Prove It.

This free 25c bottle of "Swissco" Hair and Scalp Remedy, if used as directed, will astonish you. It is a NEW REMEDY, the latest and best preparation known. It is the result of years of investigation and research into the reason why so many of the hair preparations have failed in the past to do the work demanded of them. It is marvelous in its action, and thousands have received amazing results just from the free bottle we gave them for the asking.

Because you may not have received any relief from something you have tried, don't be foolish enough to condemn everything else. You will be greatly benefited by the free bottle we give you.

"Swissco"—50 cents and \$1.00 a bottle is for sale and recommended by all druggists and department stores.

All who wish that have not tried Swissco, can have a free 25c bottle prepaid on receipt of 10 cents in stamps or silver, to help cover expense of packing, etc., by addressing direct to the Swissco Hair Remedy Co., 2608 P. O. Square, Cincinnati, Ohio.
